MOTION FOR AN ORDER UNDER 11 U.S.C. §§ 363(b) AND 365(a) AND FED. R.  
BANKR. P. 9019 APPROVING PROCEDURES TO ASSUME CERTAIN  
AMENDED AND RESTATED SOLE SOURCE SUPPLIER AGREEMENTS

("SUPPLIER AGREEMENT ASSUMPTION PROCEDURES MOTION")

Delphi Corporation ("Delphi") and certain of its subsidiaries and affiliates (the "Affiliate Debtors"), debtors and debtors-in-possession (collectively, the "Debtors"), hereby submit this motion (the "Motion") for an order under 11 U.S.C. §§ 363(b) and 365(a) and Fed. R. Bankr. P. 9019 approving procedures to assume, in connection with an extension and certain other provisions, certain agreements (the "Assumable Agreements"), pursuant to which the Debtors receive goods which the Debtors believe are critical to their on-going manufacturing operations (collectively, the "Goods"), with those of the Debtors' suppliers which are the sole source from which the Debtors can currently obtain sufficient quantities of the Goods to avoid interruptions of the Debtors' manufacturing operations (the "Covered Suppliers"). In support of this Motion, the Debtors respectfully represent as follows:

Background

A. The Chapter 11 Filings

1. On October 8, 2005 (the "Petition Date"), 39 of 42 Debtors, and on October 14, 2005, the remaining Debtors, filed voluntary petitions in this Court for reorganization relief under chapter 11 of title 11 of the United States Code, 11 U.S.C. §§ 101-1330, as amended (the "Bankruptcy Code"). The Debtors continue to operate their businesses and manage their properties as debtors-in-possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. This Court entered orders directing the joint administration of the Debtors' chapter 11 cases (Docket Nos. 28 and 404).

2. On October 17, 2005, the United States Trustee for the Southern District of New York (the "U.S. Trustee") appointed an official committee of unsecured creditors (the "Creditors' Committee") in these cases. No trustee or examiner has been appointed.

3. This Court has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409. This matter is a core proceeding under 28 U.S.C. § 157(b)(2).

4. The statutory predicates for the relief requested herein are sections 363 and 365 of the Bankruptcy Code and Rule 9019 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules").

B. Current Business Operations Of The Debtors

5. With more than 180,000 employees worldwide, global 2004 revenues of approximately \$28.6 billion, and global assets as of August 31, 2005 of approximately \$17.1 billion,<sup>1</sup> Delphi ranks as the fifth largest public company business reorganization in terms of revenues, and the thirteenth largest public company business reorganization in terms of assets as of the Petition Date. Delphi's non-U.S. subsidiaries are not chapter 11 debtors, will continue their business operations without supervision from the Bankruptcy Court, and will not be subject to the chapter 11 requirements of the U.S. Bankruptcy Code.

6. Over the past century, the operations which are now owned by Delphi have become a leading global technology innovator with significant engineering resources and technical competencies in a variety of disciplines. Today, the Company (as defined below) is arguably the single largest global supplier of vehicle electronics, transportation components, integrated systems and modules, and other electronic technology. The Company's technologies and products are present in more than 75

---

<sup>1</sup> The aggregated financial data used in this Motion generally consists of consolidated information from Delphi and its worldwide subsidiaries and affiliates.

million vehicles on the road worldwide. The Company supplies products to nearly every major global automotive original equipment manufacturer with 2004 sales to its former parent, General Motors Corporation ("General Motors" or "GM"), equaling approximately \$15.4 billion and sales to each of Ford Motor Company, DaimlerChrysler Corporation, Renault/Nissan Motor Company, Ltd., and Volkswagen Group exceeding \$850 million.

7. As part of its growth strategy, Delphi has established an expansive global presence with a network of manufacturing sites, technical centers, sales offices, and joint ventures located in every major region of the world. In the U.S., the Debtors employ approximately 50,600 people. These employees work in approximately 44 manufacturing sites and 13 technical centers across the country, and in Delphi's worldwide headquarters and customer center located in Troy, Michigan. Approximately 35,000 of these individuals are hourly employees, 96% of whom are represented by approximately 49 different international and local unions. Outside the United States, the Company's foreign entities employ more than 134,000 people, supporting 120 manufacturing sites and 20 technical centers across nearly 40 countries worldwide.

8. Delphi was incorporated in Delaware in 1998 as a wholly-owned subsidiary of GM. Prior to January 1, 1999, GM conducted the Company's business through various divisions and subsidiaries. Effective January 1, 1999, the assets and liabilities of these divisions and subsidiaries were transferred to Delphi and its subsidiaries and affiliates (collectively, the "Company") in accordance with the terms of a Master Separation Agreement between Delphi and GM. In connection with these transactions, Delphi accelerated its evolution from a North American-based, captive

automotive supplier to a global supplier of components, integrated systems, and modules for a wide range of customers and applications. Although GM is still the Company's single largest customer, today more than half of Delphi's revenue is generated from non-GM sources.

9. Due to the significant planning that goes into each vehicle model, Delphi's efforts to generate new business do not immediately affect its financial results, because supplier selection in the auto industry is generally finalized several years prior to the start of production of the vehicle. When awarding new business, which is the foundation for the Company's forward revenue base, customers are increasingly concerned with the financial stability of their supply base. The Debtors believe that they will maximize stakeholder value and the Company's future prospects if they stabilize their businesses and continue to diversify their customer base. The Debtors also believe that this must be accomplished in advance of the expiration of certain benefit guarantees between GM and certain of Delphi's unions representing most of its U.S. hourly employees which coincides with the expiration of the Company's U.S. collective bargaining agreements in the fall of 2007.

C. Events Leading To The Chapter 11 Filing

10. In the first two years following Delphi's separation from GM, the Company generated approximately \$2 billion in net income. Every year thereafter, however, with the exception of 2002, the Company has suffered losses. In calendar year 2004, the Company reported a net operating loss of \$482 million on \$28.6 billion in net sales. Reflective of a downturn in the marketplace, Delphi's financial condition has deteriorated further in the first six months of 2005. The Company experienced net operating losses of \$608 million for the first six months of calendar year 2005 on six-

month net sales of \$13.9 billion, which is approximately \$1 billion less in sales than during the same time period in calendar year 2004.<sup>2</sup>

11. The Debtors believe that three significant issues have largely contributed to the deterioration of the Company's financial performance: (a) increasingly unsustainable U.S. legacy liabilities and operational restrictions driven by collectively bargained agreements, including restrictions preventing the Debtors from exiting non-strategic, non-profitable operations, all of which have the effect of creating largely fixed labor costs, (b) a competitive U.S. vehicle production environment for domestic OEMs resulting in the reduced number of motor vehicles that GM produces annually in the United States and related pricing pressures, and (c) increasing commodity prices.

12. In light of these factors, the Company determined that it would be imprudent and irresponsible to defer addressing and resolving its U.S. legacy liabilities, product portfolio, operational issues, and forward looking revenue requirements. Having concluded that pre-filing discussions with its Unions and GM were not leading to the implementation of a plan sufficient to address the Debtors' issues on a timely basis, the Company determined to commence these chapter 11 cases for its U.S. businesses to complete the Debtors' transformation plan and preserve value.

13. Through the reorganization process, the Debtors intend to achieve competitiveness for Delphi's core U.S. operations by modifying or eliminating non-competitive legacy liabilities and burdensome restrictions under current labor agreements and realigning Delphi's global product portfolio and manufacturing footprint to preserve

---

<sup>2</sup> Reported net losses in calendar year 2004 were \$4.8 billion, reflecting a \$4.1 billion tax charge, primarily related to the recording of a valuation allowance on the U.S. deferred tax assets as of December 31, 2004.

the Company's core businesses. This will require negotiation with key stakeholders over their respective contributions to the restructuring plan or, absent consensual participation, the utilization of the chapter 11 process to achieve the necessary cost savings and operational effectiveness envisioned in the Company's transformation plan. The Debtors believe that a substantial segment of Delphi's U.S. business operations must be divested, consolidated, or wound-down through the chapter 11 process.

14. Upon the conclusion of this process, the Debtors expect to emerge from chapter 11 as a stronger, more financially sound business with viable U.S. operations that are well-positioned to advance global enterprise objectives. In the meantime, Delphi will marshal all of its resources to continue to deliver value and high-quality products to its customers globally. Additionally, the Company will preserve and continue the strategic growth of its non-U.S. operations and maintain its prominence as the world's premier auto supplier.

#### Relief Requested

15. By this Motion, the Debtors request authority to implement procedures by which the Debtors may assume the Assumable Agreements without need for further Court approval, subject to the mandatory contract provisions described below. The scope of the relief sought herein is limited, focused, and narrowly-tailored. The Debtors seek only the authority to assume agreements covering the supply of goods that the Debtors determine are absolutely critical to their on-going business operations; in other words, those goods that are not readily available from another supplier in quantities sufficient to avoid an interruption in the Debtors' manufacturing operations and the Debtors' supply of products to their customers (generally sole sourced Goods) and without which the Debtors would face an imminent shutdown of business operations at

one or more of the Debtors' business locations that would affect the operations of the Debtors' customers. Importantly, the Debtors seek authority pursuant to this Motion to assume only those agreements which meet all of the above-listed criteria. Therefore, if the Debtors are able to re-source on a timely basis the supply of the goods without disrupting the continuity of the supply of the Debtors' products to their customers, or if a disruption of the goods will not affect the Debtors' supply of products to their customers, the Debtors will not assume the relevant agreement pursuant to the Motion. Furthermore, the Debtors do not seek to assume any agreements, or pay any prepetition claims related thereto, under which a supplier sold all or some of its prepetition claims arising under such otherwise Assumable Agreement to one or more third parties. Instead, the Debtors propose to allow all such contracts to expire and will negotiate new agreements with such suppliers, because such suppliers would not receive the economic benefits of assumption.<sup>3</sup> In short, the Debtors seek and will utilize only the authority to assume those agreements that would have otherwise expired and that are absolutely critical to the Debtors' on-going operations.

#### Basis For Relief

16. The business realities driving the necessity of the relief requested herein can be simply stated. In the Debtors' businesses, they typically do not buy commodities from their suppliers, but rather buy sophisticated customized components, each of which require extensive and time-consuming testing and validation, including contractual approvals from the Debtors' customers. Therefore, with very few exceptions,

---

<sup>3</sup> The Debtors believe that the negotiation and entry into such new agreements are transactions in the ordinary course of their businesses that do not require Court approval pursuant to section 363. The Debtors request that the Court confirm that position in an order authorizing the relief requested in this Motion.

re-sourcing the Goods in the short term is impossible. Further, the failure to timely receive even a very inexpensive part can quickly shut down the Debtors' assembly lines and expose these estates to millions of dollars in potential damage claims.

17. The Debtors have already established extensive programs to address issues arising under enforceable contracts with suppliers and to manage concerns related to special supplier groups covered by certain of the Debtors' "first day" motions, including financially-distressed suppliers, foreign creditors, logistics providers and tooling manufacturers, among others. In contrast, this Motion deals exclusively with the amendment, restatement and extension of expiring contracts that would otherwise jeopardize the Debtors' supply chain or could potentially expose the Debtors to hostage bargaining situations with sole source suppliers that have no obligation to continuing supplying the Debtors with necessary products.

18. As noted above, the Debtors are, depending on foreign currency exchange rates, either the largest or second largest global supplier of vehicle electronics, transportation components, integrated systems and modules, and other electronic technology. The Debtors produce thousands of separate products, the production of which requires the timely receipt of components and raw materials from the Debtors' thousands of dedicated suppliers. Such components and raw materials are provided to the Debtors pursuant to tens of thousands of separate agreements with their suppliers, many of which have a yearly term.

19. The Debtors preliminarily estimate over 11,000 of these supply agreements are due to expire on or about December 31, 2005, absent a further extension.<sup>4</sup> The Debtors further estimate that more than 3,000 of such agreements are either at the end of the product cycle, and thus do not require extension, or are otherwise not sufficiently critical to the Debtors' on-going operations to necessitate extension. The Debtors' inability to reach agreement with the Covered Suppliers on the continued provision of the goods after December 31, 2005 under the remaining agreements, however, could be damaging to their business prospects because such Covered Suppliers, absent extension of their agreements, would be under no continuing obligation to provide such goods to the Debtors. Without the Goods, the Debtors' manufacturing process, and the entire automotive industry as a whole, could face imminent shutdown following expiration of the agreements.

20. Accordingly, the Debtors have determined that a process should be established to facilitate the resolution of the myriad expiring Assumable Agreements on a time frame and in a manner that ensures the continuity of supply of Goods to the Debtors and, thereby, the continuity of the Debtors' supply of products to their customers. The Debtors have determined that the most efficient and cost effective manner in which to achieve these goals, enhance the Debtors' likelihood of a successful restructuring, and preserve the Debtors' going-concern value for all constituents is through assumption of the Assumable Agreements in exchange for a package of mandatory minimum provisions from the Covered Suppliers that provide the Debtors' continuity of supply at market terms.

---

<sup>4</sup> These amounts do not include information for seven Debtor entities that do not utilize the Debtors' centralized contract management systems.

A. The Procedures For The Debtors' Assumption Of The Assumable Agreements

21. The Debtors propose that the Court approve the following procedures governing the process by which the Debtors would be authorized to assume the Assumable Agreements (collectively, the "Procedures"):

(a) The Debtors would be authorized, but not directed, to assume each Assumable Agreement pursuant to section 365(a) of the Bankruptcy Code within a reasonable time prior to the date of expiration of such Assumable Agreement (the "Assumption Date"); provided, however, that nothing contained in the Procedures would limit the Debtors' right to move separately to assume an agreement.<sup>5</sup>

(b) The relevant Covered Supplier's entry into an Assumption Agreement (as defined below) evidencing such Covered Supplier's agreement to comply with all of the Required Minimum Provisions (as defined below) would be a condition precedent to the Debtors' exercise of the authority to assume an Assumable Agreement. Upon a Covered Supplier's entry into such an Assumption Agreement, the Debtors would be authorized to assume the relevant Assumable Agreement or Agreements without further notice or order of this Court.

(c) Notwithstanding subparagraph (c) above, should a Covered Supplier not consent to entry into an Assumption Agreement or refuse to consent to any Required Minimum Provision (each such Covered Supplier, a "Non-Consenting Supplier"), the Debtors shall not be authorized to assume such Supplier's Assumable

---

<sup>5</sup> Each Covered Supplier who had already accepted a new agreement or an extension of the term of its Assumable Agreement (the "Previously Extended Agreements") after the Petition Date shall be eligible to request that the Debtors assume its prepetition Previously Extended Agreement in accordance with these Procedures, which request must be made in writing, so as to be actually received not later than 4:00 p.m. (prevailing Eastern time) on the forty-fifth day following entry of a final order approving the relief sought in this Motion, or as otherwise agreed by the Debtors in their sole discretion, by each of the following parties: (a) Delphi Corporation, 5725 Delphi Drive, Troy, Michigan 48098-2815 (Att'n: Karen J. Craft, Esq. and Michael J. Orris); (b) Skadden, Arps, Slate, Meagher & Flom LLP, 333 West Wacker Drive, Suite 2100, Chicago, Illinois 60606 (Att'n: John Wm. Butler, Jr., Esq. and John K. Lyons, Esq.); and (c) Latham & Watkins LLP, 885 Third Avenue, Suite 1000, New York, New York 10022-4068 (Att'n: Robert J. Rosenberg, Esq.); provided, however, that nothing contained herein or in the order granting the relief requested herein would obligate the Debtors to grant such a request; provided further that a Covered Supplier's failure to strictly comply with the Procedures would constitute a full and final waiver of its right to seek assumption of the relevant Previously Extended Agreements pursuant to the terms of an order approving the relief sought in this Motion.

Agreement or Agreements without prior approval of the Creditors' Committee or, absent Creditors' Committee approval, order of this Court. Upon the Debtors' election to assume one or more Assumable Agreements of a Non-Consenting Supplier (each, a "Non-Conforming Assumption"), the Debtors would be required to provide written notice of such Non-Conforming Assumption to designated representatives of the Creditors' Committee; provided, however, that the Debtors would be authorized to serve such written notice on such designated representative of the Creditors' Committee by facsimile or electronic mail. The Creditors' Committee will have three business days from the date of receipt of the notice of Non-Conforming Assumption in which to file with the Court and serve upon counsel to the Debtors any objection that it might have to such Non-Conforming Assumption; provided, however, that if the Creditors' Committee does not timely file and serve an objection, the Creditors' Committee would be deemed not to object to the Non-Conforming Assumption and such assumption would become effective on the Assumption Date without further notice or Court order. If a timely objection were filed and served upon the Debtors' counsel, this Court would then schedule a hearing to consider the Non-Conforming Assumption as soon as practicable.

B. The Required Minimum Provisions

22. As provided above, the Debtors propose that it be a condition precedent to the Debtors' authorization to assume any Assumable Agreement under an order granting the relief sought herein that the relevant Covered Supplier agree to certain modifications of the Assumable Agreement and to certain other provisions (collectively, the "Required Minimum Provisions") in exchange for the benefits proposed to be provided to such Covered Supplier hereby. Specifically, the Debtors request that their authority to assume any Assumable Agreement pursuant to this Motion be predicated upon the relevant Covered Supplier's written agreement to each of the following Required Minimum Provisions:

(a) The term of the relevant Assumable Agreement would be extended for a period of two years from the date of expiration of the Assumable Agreement, unless the Debtors earlier reject or otherwise terminate the Assumable Agreement (the "Extension").

(b) All costs payable under the terms of these Procedures and Required Minimum Provisions related to cure of prepetition defaults under the assumed Assumable Agreements pursuant to section 365(b) of the Bankruptcy Code ("Cure") would be paid in cash in six equal installments at the end of each of the six calendar quarters (i.e., March 31, June 30, September 30 and December 31) ending on or after the

Assumption Date; provided, however, that Cure would not constitute an administrative expense pursuant to section 503 of the Bankruptcy Code.

(c) The relevant Assumable Agreement, and all of the terms thereof including Delphi's General Terms and Conditions (a copy of which is attached hereto as Exhibit B), including, without limitation, the termination for convenience provisions contained in Section 11 thereof, would be enforceable by the Debtors against such Covered Supplier.

(d) The Covered Supplier would be required to supply the Debtors with the goods provided under the relevant Assumable Agreement during the term of the Extension on MNS-2 payment terms<sup>6</sup> and those other terms and conditions as are embodied in the Assumable Agreement (including Delphi's General Terms and Conditions) and such other more favorable trade terms, practices, and programs (including, without limitation, pricing terms) in effect between such supplier and the Debtors in the twelve months prior to the Petition Date (collectively, the "Customary Trade Terms"), or such other favorable trade terms as are agreed to by the Debtors and the Covered Supplier.

(e) The Covered Supplier would be adequately assured of future performance for the term of the Extension and waive any right to seek further adequate assurance of future performance, whether pursuant to section 365(b)(1)(C) of the Bankruptcy Code or otherwise.

(f) Cure, with respect to each assumed Assumable Agreement, in an amount up to 75% of the outstanding prepetition liabilities of the Debtors under such Assumable Agreement as of the Assumption Date reflected in the Debtors' books and records or as otherwise reconciled by the parties; provided, however, that the Covered Supplier will receive an allowed general unsecured claim against the relevant Debtor for the remaining balance of the amount of the outstanding prepetition liabilities of the Debtors under such Assumable Agreement as of the Assumption Date reflected in the Debtors' books and records or as otherwise reconciled between the parties, which general unsecured claim will be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases.

(g) In the event of any termination of any assumed Assumable Agreement, the Covered Supplier would not receive any payments of Cure that are to be paid on or after the effective date of such termination (the "Remaining Cure"); provided, however, that upon any termination or rejection of any assumed Assumable Agreement, the Covered Supplier would receive an allowed general unsecured claim against the

---

<sup>6</sup> "MNS-2" refers to the payment terms under Delphi's General Terms and Conditions, whereby payment for goods supplied is generally due on the second business day of the second month following the receipt of such goods. For example, under these terms, payment for goods received by the Debtors during the month of September 2005 was due on November 2, 2005.

relevant Debtor for the amount of the Remaining Cure, which general unsecured claim would be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases; provided further that, upon any termination of any assumed Assumable Agreement, the amount of damages which the Covered Supplier could assert against the relevant Debtor on account of such termination or rejection could not exceed the amount of damages arising upon a termination for convenience in accordance with the terms of Section 11 of Delphi's General Terms and Conditions.

(h) Upon a breach by the Covered Supplier of its obligations under the Assumption Agreement, the Covered Supplier would be liable to the Debtors for any and all consequential damages resulting from such breach. Furthermore, upon written notice of such breach from the Debtors, the Covered Supplier would not be entitled to further payments of Cure until further order of Court. In the event that the Court determined that the Covered Supplier was in breach of the Assumption Agreement or the terms set forth in an order granting the relief requested herein, the Covered Supplier would be required to immediately disgorge all payments of Cure received and the Debtors' avoidance rights under chapter 5 of the Bankruptcy Code would immediately be reinstated without further order of this Court. The assumption of the Covered Supplier's Assumable Agreement(s) pursuant to an order approving this motion shall constitute irrevocable consent of the Covered Supplier to the Debtors' ability to sue for injunctive relief in this Court to compel specific performance under the Assumable Agreement upon a breach under any Assumable Agreement or Assumption Agreement.

23. To ensure that the Covered Suppliers that have their Assumable Agreements assumed comply with the Procedures and the Required Minimum Provisions, the Debtors propose that a letter substantially in the form of the letter attached hereto as Exhibit A (each such letter, an "Assumption Agreement") be sent to such Covered Suppliers along with a copy of the order granting this Motion; provided, however, that the Debtors further propose that such Covered Suppliers be conclusively deemed to consent to and be irrevocably bound by the Procedures and each of the Required Minimum Provisions, notwithstanding its failure to enter into an Assumption Agreement, upon its first shipment of Goods to the Debtors following the Assumption Date for the relevant assumed Assumable Agreement and payment of the first installment of Cure. The Debtors propose that the Assumption Agreements include, but not be limited to, the Required Minimum Provisions outlined above.

24. Nothing in this Motion or any order of this Court approving this Motion should be construed as a waiver by any of the Debtors of their rights to contest any invoice of a Covered Supplier under applicable non-bankruptcy law.

25. Finally, the Debtors anticipate that the issues raised in this Motion will be an on-going concern because Assumable Agreements continue to expire during the course of these chapter 11 cases. Therefore, the Debtors request that the Procedures to be applicable to all Assumable Agreements prior to their expiration, to the extent that the Debtors determine that it is in the best interests of the Debtors and their estates for such Assumable Agreements to be assumed in exchange for the Covered Supplier's agreement to the Procedures and the Required Minimum Provisions.

C. The Necessity Of The Requested Relief

26. As described in depth in several of the Debtors' "first day" motions,<sup>7</sup> the continued performance of the Debtors' Covered Suppliers is absolutely crucial to the Debtors' prospects for a successful restructuring and emergence from these chapter 11 cases. The Debtors' manufacturing facilities use the "just-in-time" supply method for processing their products. The just-in-time supply method is standard in the automotive industry and use of the just-in-time supply method means that the Debtors do not maintain a significant inventory of the components supplied by many of their suppliers (in many cases, fewer than 24 hours). Accordingly, the Debtors rely upon frequent and, in many cases, daily shipments of components from such suppliers to keep

---

<sup>7</sup> See, e.g., Motion for Order Under 11 U.S.C. §§ 105(a), 363, 364, 1107, and 1108 and Fed. R. Bankr. P. 6004 and 9019 Authorizing Continuation of Vendor Rescue Program and Payment of Prepetition Claims of Financially-Distressed Sole Source Suppliers and Vendors Without Contracts, dated October 13, 2005 (Docket No. 17) (the "Essential Suppliers Motion").

their manufacturing facilities operating. Similarly, the Debtors' original equipment manufacturer ("OEM") customers do not maintain a significant inventory of the Debtors' products (in many cases, less than 24 hours) and rely instead upon frequent shipments of such products to keep their manufacturing plants operating.

27. The Debtors also rely heavily on the sole source supply method – a method under which in many but not all cases, they purchase all their requirements for a particular part from one supplier. Each of these Goods must meet demanding specifications imposed by both the Debtors and their OEM customers before they can be used in manufacturing the Debtors' products. In this regard, numerous tests, sometimes taking place over the course of several months, must be run to validate and qualify each of the parts and the applicable manufacturing process. The Debtors employ the sole source supply method to reduce the cost of production start-up, capital investment, and validation costs necessary to make each part (which are generally recouped by suppliers through their per piece prices), to achieve a consistent quality of parts, and to achieve economies of scale.

28. Therefore, to obtain an alternative source of supply for the Goods currently supplied by the Covered Suppliers, the alternate suppliers would have to undergo the OEM customers' rigorous approval processes, which involve extensive testing and evaluations and typically last several months. Even when accelerated, the delivery of capital equipment, the tooling build, and the testing and approval process for validating new suppliers typically takes three to six months or more to complete. Failure to maintain the supply of Goods could therefore have a devastating impact on the Debtors' businesses as well as their customers' and other suppliers' businesses.

29. Indeed, if Covered Suppliers fail to ship Goods, the Debtors' manufacturing facilities utilizing those parts would in many instances be forced to shut down less than 24 hours after the missed shipment. Within less than 24 hours after a shutdown of one of the Debtors' facilities, the Debtors' OEM customers would likely be forced to halt production of their products on one or more of their assembly lines. A shutdown of a customer's manufacturing operations could cause the affected customer to assert claims against the Debtors exceeding \$10 million per day. In addition to the potential damages, which, if valid, could severely dilute stakeholder recoveries, the Debtors would also be harmed by continuing to incur the considerable fixed costs connected to the facilities idled by the failure to receive parts without generating any revenue to offset such fixed costs. A line shutdown would also cause the Debtors to suffer a loss of important customer relations and goodwill. The long-term damage caused by such shutdowns to the Debtors' businesses would therefore be both immeasurable and irreparable.

30. The Debtors believe that the cost of implementing the relief requested by this Motion will likely be offset by the positive cash flow that will be generated as a result of the Covered Suppliers' acceptance of the Required Minimum Provisions. The Debtors preliminarily estimate that, of the approximately \$1 billion in prepetition payables outstanding as of the Petition Date, approximately \$587 million may be attributable to contracts expiring over the course of the next year and beyond that would be eligible for assumption under the Procedures. Approximately 52% of the Debtors' direct material annual purchase volume is associated with contracts that expire by December 31, 2005 with the balance expiring throughout 2006 or later. As a result,

the expected average quarterly payment of prepetition payables during 2006 pursuant to this Motion, if approved, is estimated to be approximately \$50 million.

31. Because one of the Required Minimum Provisions requires a Covered Supplier to return to MNS-2 payment terms upon the Debtors' assumption of its Assumable Agreement, however, the Debtors expect, based on their preliminary estimate, a cash flow improvement of approximately \$560 million by the end of 2006. Based on these assumptions the Debtors anticipate that this Court's approval of the relief requested herein would generate a net improvement in cash flow of approximately \$310 million by the end of 2006.

32. Furthermore, the Debtors had been anticipating price increases during 2006 and beyond as a result of supplier reaction to the Debtors' chapter 11 filings. However, to the extent that Covered Suppliers participate in the Procedures and, thereby, agree to maintain current pricing pursuant to the terms of the Required Minimum Provisions, the Debtors expect to avoid a significant proportion of the negative cash impact of these Covered Suppliers' anticipated price increases.

33. Moreover, and most importantly, the relief sought herein will mitigate, to the greatest extent possible, the risk that the Covered Suppliers will refuse to perform beyond December 31, 2005 and will thereby avoid the shutdown of the Debtors' and their customers' operations that would result from such precipitous action. Given the nature of the Debtors' businesses and supply chain, the Debtors cannot predict with any certainty which of the Covered Suppliers may cause such a shutdown absent the relief sought herein, but any one of the Covered Suppliers could likely do so. As noted above, the negative impact on the Debtors' businesses and their prospects for a successful

restructuring from such a shutdown would be significant. Further, the damage claims that would be asserted by a customer on account of such a shutdown would potentially dwarf the costs associated with the assumptions contemplated hereby, even ignoring the cash savings generated by the Required Minimum Provisions. Finally, the Debtors also believe that they will realize significant litigation cost savings from implementation of the Procedures, which the Debtors believe will facilitate prompt consensual resolutions with the vast majority of their Covered Suppliers.

34. In summary, the relief requested herein is necessary to the Debtors' ability to manage the challenges presented by the expiration of the Assumable Agreements while minimizing the risk of supply interruption. In addition to the operational necessity of the relief sought by this Motion, the Debtors' financial position will be strengthened significantly through implementation of the Procedures, to the benefit of all constituencies. As such, the Debtors believe that the relief requested herein is in the best interests of the Debtors, their estates, their creditors, and all other parties-in-interest.

D. Limited Waiver Of Avoidance Rights

35. Finally, the Debtors note that many Covered Suppliers are parties to numerous agreements with the Debtors and that such agreements may have differing expiration dates. Based upon the Debtors' negotiations with suppliers to date, the Debtors believe that certain Covered Suppliers may be unwilling to extend the term of expiring Assumable Agreements and to continue providing Goods to the Debtors pursuant to such Assumable Agreements, notwithstanding payment of Cure, unless and until the Debtors agree to waive and release any rights that they or their estates may have under section

547 of the Bankruptcy Code to avoid payments made to such Covered Supplier in the 90 days prior to the Petition Date under the later-expiring agreements (the "Preference Waivers"). Given the Debtors' likely inability to receive Court approval of such waivers and releases on a "one off" basis prior to December 31, 2005, the absolute necessity of the Debtors' timely receipt of Goods, and the Debtors' inability to compel such Covered Suppliers to provide Goods after December 31, 2005 pursuant to expired Assumable Agreements, the Debtors respectfully request that they be authorized, but not directed, to provide such Covered Suppliers with the Preference Waivers in exchange for their entry into Assumption Agreements with respect to each relevant Assumable Agreement that the Debtors have elected at that time to assume pursuant to the Procedures.

Applicable Authority

36. The Debtors believe that the Procedures described herein may be approved, and the Assumable Agreements, as modified by the Required Minimum Provisions, may be assumed pursuant to such Procedures without further order of the Court, under sections 363(b) and 365 of the Bankruptcy Code. Section 365(a) of the Bankruptcy Code provides that a debtor in possession, "subject to the Court's approval, may . . . assume any executory contract or unexpired lease of the debtor." 11 U.S.C. § 365(a).

37. The standard to be applied by a court in determining whether an executory contract or unexpired lease should be assumed is the "business judgment" test, which is premised upon the debtor's business judgment that assumption would be beneficial to its estate. See Orion Pictures Corp. v. Showtime Networks, Inc. (In re Orion Pictures Corp.), 4 F.3d 1095, 1098-99 (2d Cir. 1993); see also In re Child World, Inc., 142 B.R. 87, 89 (Bankr. S.D.N.Y. 1992) (debtor may assume or reject an unexpired lease

under § 365(a) in the exercise of its "business judgment"); In re Roman Crest Fruit, Inc., 35 B.R. 939, 949 (S.D.N.Y. 1983); Control Data Corp. v. Zelman, 602 F.2d 38, 42 (2d Cir. 1979). "More exacting scrutiny would slow the administration of the debtor's estate and increase its cost, interfere with the Bankruptcy Code's provision for private control of administration of the estate, and threaten the court's ability to control a case impartially." Richmond Leasing Co. v. Capital Bank, N.A., 762 F.2d 1303, 1311 (5th Cir. 1985).

38. If the debtor's business judgment has been exercised reasonably, a court should approve the assumption of an executory contract. See, e.g., NLRB v. Bildisco and Bildisco, 465 U.S. 513, 523 (1984); Group of Inst'l. Investors v. Chicago, Milwaukee, St. Paul & Pacific R.R. Co., 318 U.S. 523 (1943); Cleveland Hotel Protective Comm. v. Nat'l City Bank of Cleveland (In re Van Sweringen Corp.), 155 F.2d 1009, 1013 (6th Cir.), cert. denied, 329 U.S. 766 (1946); In re Child World, Inc., 142 B.R. 87, 89 (Bankr. S.D.N.Y. 1992); In re Ionosphere Clubs, Inc., 100 B.R. 670, 673 (Bankr. S.D.N.Y. 1989); see also In re Orion Pictures Corp., 4 F.3d at 1098-99; In re RCN Corp., Case No. 04-13638 (RDD), June 22, 2004 Hr'g Tr. ¶¶ 50:24–50:2, at 46. Once the debtor has satisfied the business judgment standard by showing that assumption will benefit the estate, the court "should not interfere 'except upon a finding of bad faith or gross abuse of [the debtor's] business discretion.'" Id. at 465 (citing Lubrizol Enters., Inc. v. Richmond Metal Finishers Inc., 756 F.2d 1043, 1047 (4th Cir. 1985)).

39. The business judgment rule shields a debtor's management from judicial second-guessing. In re Farmland Indus., Inc., 294 B.R. at 913 (quoting In re Johns-Manville Corp., 60 B.R. 612, 615-16 (Bankr. S.D.N.Y. 1986)) ("[T]he Code favors the continued operation of a business by a debtor and a presumption of

reasonableness attaches to a debtor's management decisions."'). Once the Debtors articulate a valid business justification, "[t]he business judgment rule 'is a presumption that in making a business decision the directors of a corporation acted on an informed basis, in good faith and in the honest belief that the action was in the best interests of the company.'" In re Integrated Res., Inc., 147 B.R. 650, 656 (S.D.N.Y. 1992) (quoting Smith v. Van Gorkom, 488 A.2d 858, 872 (Del. 1985)).

40. Upon finding that the Debtors have exercised their sound business judgment in determining that assumption of the Assumable Agreements, subject to the Required Minimum Provisions, is in the best interests of their estates, this Court should approve assumption under section 365(a) of the Bankruptcy Code. In re Gucci, 193 B.R. 411, 415-17 (S.D.N.Y. 1996) (affirming bankruptcy court's approval of assumption of executory contract upon determining that assumption "was in the best interest of the estate"); Blue Cross Blue Shield of Conn. v. Gurski (In re Gurski), Nos. 94-51202 & 3:95CV1883, 1996 WL 684397, at \*2 (D. Conn. Jan. 25, 1996) (affirming bankruptcy court's determination that executory contracts were beneficial to debtor such that debtor could assume them under section 365(a)).

41. The Debtors assert that the Procedures may be approved by this Court, and the Assumable Agreements may be assumed in compliance therewith, pursuant to section 365 of the Bankruptcy Code given the necessity of the relief sought herein to the Debtors' ability to maintain their on-going business operations without interruption. As described above and in the Essential Suppliers Motion, the Debtors cannot withstand even a short interruption in the flow of Goods from the Covered Suppliers. As of January 1, 2006, absent a consensual agreement (including deemed

acceptance by performance or otherwise) with the relevant Covered Suppliers, the Debtors will have no ability to compel deliveries of Goods that are currently provided pursuant to thousands of separate Assumable Agreements. The Debtors have determined that, without the relief sought herein and the ability to provide Covered Suppliers with the benefits to be provided pursuant to the Procedures, certain of the Covered Suppliers will not continue to provide Goods to the Debtors. Furthermore, a Covered Supplier that is willing to continue providing Goods after January 1 could attempt to extract significant price increases, credit support, or other concessions from the Debtors as a condition of the agreement to continue supplying the Goods.

42. Therefore, the Debtors have determined, in the exercise of sound business judgment, that the relief sought herein is necessary and appropriate to stabilize the supply chain which is essential to preserve and enhance the value of their estates to the benefit of all creditors. Although the Debtors acknowledge that there will be a significant cost associated with the payment of Cure to the Covered Suppliers, the Debtors have sought to mitigate the impact of the payment of Cure by paying such amounts over six calendar quarters, not paying the full amount of prepetition claims, and requiring market pricing and normal payment terms. Additionally, the economic impact of a shutdown of the Debtors' and their OEM customers' assembly lines from the failure of a Covered Supplier to continue supplying Goods after January 1 (which the Debtors would be unable to timely replace) would far exceed the amount of Cure that will be payable with respect to any Assumable Agreement. As noted above, the economic impact from such a shutdown could include, without limitation, (a) damage claims asserted by the affected OEM customer against the Debtors exceeding \$10 million per

day, (b) the Debtors' incurrence of considerable fixed costs connected to the facilities idled by the failure to receive parts without generating any revenue to offset such fixed costs, and (c) most importantly, a loss of important customer relations and goodwill. In short, the shutdown of the Debtors' and their OEM customers' assembly lines would quickly imperil the Debtors' prospects for a successful reorganization.

43. The Debtors further believe that paying Cure as provided herein satisfies the requirements set forth under section 365(b)(1). Bankruptcy Code section 365(b)(1) codifies the requirements for assuming an unexpired lease or executory contract of a debtor. That subsection provides:

- (b)(1) If there has been a default in an executory contract or unexpired lease of the debtor, the trustee may not assume such contract or lease unless, at the time of assumption of such contract or lease, the trustee-
  - (A) cures, or provides adequate assurance that the trustee will promptly cure, such default;
  - (B) compensates, or provides adequate assurance that the trustee will promptly compensate, a party other than the debtor to such contract or lease, for any actual pecuniary loss to such party resulting from such default; and
  - (C) provides adequate assurance of future performance under such contract or lease.

11 U.S.C. § 365(b)(1).

44. The Debtors submit that the statutory requirements of section 365(b)(1) of the Bankruptcy Code have been satisfied because the Debtors are providing assurances that the Debtors will cure all extant defaults as agreed by the parties and the Debtors' Covered Suppliers are adequately assured of the Debtors' future performance by, inter alia, this Court's approval of the debtor-in-possession financing facility. See, e.g., Transcript of Oct. 11, 2005 Hearing at p. 107 ("I am now convinced that the facility

adequately satisfies the debtors' needs and provides them with sufficient and abundant availability to conduct their bankruptcy case; and, more importantly, to conduct their businesses in the ordinary course." ). Therefore, the Debtors' proposed Cure is appropriate pursuant to section 365(b)(1).

45. Furthermore, the Debtors' decision to extend the term of the Assumable Agreements and modify the provisions of the Assumable Agreements pursuant to the Procedures and the Required Minimum Provisions is authorized pursuant to section 363(b) of the Bankruptcy Code. Similar to the analysis under section 365, courts in this district and elsewhere consistently have held that transactions pursuant to 363(b) should be approved if there is a sound business justification for implementing them. See In re Lionel Corp., 722 F.2d 1063, 1071 (2d Cir. 1983); In re Delaware Hudson Ry. Co., 124 B.R. 169, 179 (Bankr. D. Del. 1991). Once the debtor articulates a valid business justification, "[there is a presumption that in making a business decision the directors of a corporation acted on an informed basis, in good faith and in the honest belief that the action taken was in the best interests of the company." In re Integrated Resources, Inc., 147 B.R. 650, 656 (S.D.N.Y. 1992) (quoting Smith v. Van Gorkom, 488 A.2d 858, 872 (Del. 1985)); see also In re RCN Corp., June 22, 2004 Hr'g Tr. ¶¶ 51:3–12 (approving exit financing commitments pursuant to 363(b) of the Bankruptcy Code).

46. As described above, the continued flow of Goods to the Debtors is necessary to the Debtors' manufacturing operations and adoption of the Procedures will help to ensure that the Debtors can maintain a continuous flow of the Goods during the course of these chapter 11 cases. Furthermore, approval of the Required Minimum Provisions will ensure that the Debtors receive Customary Trade Terms from Covered

Suppliers going-forward and that the Debtors will maintain the necessary flexibility to terminate the Assumable Agreements as and when appropriate in light of their future restructuring decisions without causing the Debtors' estates to incur significant administrative liabilities. As such the Debtors' respectfully assert that their decision to extend the term of the Assumable Agreements and modify the provisions of the Assumable Agreements pursuant to the Procedures and the Required Minimum Provisions is supported by valid business justifications and authorized under section 363(b) of the Bankruptcy Code.

47. Bankruptcy Rule 9019 provides that the Court "may approve a compromise or settlement." Compromises are tools for expediting the administration of the case, reducing administrative costs and are favored in bankruptcy. See In re Bond, 1994 U.S. App. Lexis 1282, \*9-\*13 (4th Cir. 1994) ("To minimize litigation and expedite the administration of a bankruptcy estate, 'compromises are favored in bankruptcy.'"); Fogel v. Zell, 221 F.3d 955, 960 (7th Cir. 2000); Fishell v. Soltow (In re Fishell), No. 94-1109, 1995 WL 66622, at \*2 (6th Cir. Feb. 16, 1995); In re Martin, 91 F.3d 389, 393 (3d Cir. 1996) (quoting 9 Collier, Bankruptcy ¶ 9019.03[1] (15th rev. ed. 1993)). Various courts have endorsed the use of Bankruptcy Rule 9019. See, e.g., Bartel v. Bar Harbour Airways, Inc., 196 B.R. 268 (S.D.N.Y. 1996); In re Foundation for New Era Philanthropy, 1996 Bankr. LEXIS 1892 (Bankr. E.D. Pa. Aug. 21, 1996); In re Miller, 148 B.R. 510, 516 (Bankr. N.D. Ill. 1992); In re Check Reporting Service, Inc., 137 B.R. 653 (Bankr. W.D. Mich. 1992); In re Patel, 43 B.R. 500, 504 (N.D. Ill. 1982).

48. The standards by which this Court should evaluate a settlement are well established. In addition to considering the proposed terms of the settlement, the Court should consider the following factors:

- the probability of success in litigation;
- the difficulty in collecting any judgment that may be obtained;
- the complexity of the litigation involved, and the expense, inconvenience, and delay necessarily attendant to it; and
- the interest of creditors and stockholders and a proper deference to their reasonable views of the settlement.

See Protective Comm. for Indep. Stockholders of TMT Trailer Ferry, Inc. v. Anderson, 390 U.S. 414, 424-245 (1968); United States ex rel. Rahman v. Oncology Assocs., P.C., 269 B.R. 139, 152 (D. Md. 2001); In re Patel, 43 B.R. at 504-05; Fishell, 1995 WL 66622, at \*3; In re Pennsylvania Truck Lines, Inc., 150 B.R. 595, 598 (E.D. Pa. 1992), aff'd, 8 F.3d 812 (3d Cir. 1993); In re Grant Broadcasting, Inc., 71 B.R. 390, 395 (Bankr. E.D. Pa. 1987); In re Neshaminy Office Bldg. Assocs., 62 B.R. 798, 803 (E.D. Pa. 1986).

49. The decision to approve a settlement or compromise is within the discretion of the Court and is warranted when the settlement is found to be reasonable and fair in light of the particular circumstances of the case. See TMT Trailer Ferry, 390 U.S. at 424-25. The settlement need not be the best that the debtor could have achieved, but need only fall "within the reasonable range of litigation possibilities." In re Telesphere Communications, Inc., 179 B.R. 544, 553 (Bankr. N.D. Ill. 1994). In making its determination, a court should not substitute its own judgment for that of the debtor. Neshaminy Office, 62 B.R. at 803.

50. The Debtors' proposed Preference Waivers in exchange for the Covered Suppliers' entry into Assumption Agreements meet these requirements. If these

preference issues are not settled, discovery, motion practice, and other litigation activities related to the Debtors' avoidance of potentially preferential transfers would result in additional expense for the Debtors, risk interruption of their business operations, and would distract the Debtors from other, more pressing matters, particularly during the current critical period in these complex chapter 11 cases. Given the expense associated with potential litigation or a shutdown of any of the Debtors' facilities due to a Covered Supplier's refusal to timely provide Goods, and the importance of the Covered Suppliers to the uninterrupted operation of the Debtors' supply chain and operations, the Debtors have determined that it is in the best interests of the Debtors, their creditors, and their estates to propose the Preference Waivers in exchange for the Covered Suppliers' entry into Assumption Agreements. This Court should therefore authorize, but not direct, the Debtors to provide the Preference Waivers to Covered Suppliers in exchange for such Covered Suppliers' entry into Assumption Agreements.

51. For the foregoing reasons, the Debtors believe that the relief requested herein is in the best interests of the estates and should be granted.

52. Notice of this Motion has been provided in accordance with the Order Under 11 U.S.C. §§ 102(1) and 105 and Fed. R. Bankr. P. 2002(m), 9006, 9007, and 9014 Establishing (I) Omnibus Hearing Dates, (II) Certain Notice, Case Management, and Administrative Procedures, and (III) Scheduling an Initial Case Conference in Accordance with Local Bankr. R. 1007-2(e) entered by this Court on October 14, 2005 (Docket No. 245). Given the expense and administrative difficulties of providing service to all of the Debtors' suppliers by overnight mail, the Debtors are serving notice of this Motion on suppliers that are not on either the Debtors' Master Service List or 2002 List

by first class mail as soon as is reasonably practicable. To ensure that each Covered Supplier receives reasonable notice and a meaningful opportunity to object, the Debtors propose that any order of this Court granting the relief requested in this Motion include negative notice provisions with respect to the Covered Suppliers, thereby providing such Covered Suppliers with an additional ten-day period within which to object to the relief sought herein. In light of the nature of the relief requested, the Debtors submit that the notice provisions described herein are appropriate and that no other or further notice is necessary. Out of an abundance of caution, the Debtors respectfully request that this Court confirm the adequacy of such notice pursuant to an order granting the relief requested in this Motion.

Memorandum Of Law

53. Because the legal points and authorities upon which this Motion relies are incorporated herein, the Debtors respectfully request that the requirement of the service and filing of a separate memorandum of law under Local Rule 9013-1(b) be deemed satisfied.

WHEREFORE, the Debtors respectfully request that the Court enter an order (a) approving the Procedures, (b) approving the Debtors' assumption of Assumable Agreements in accordance with the Procedures without further order of this Court, (c) authorizing the Debtors to grant the Preference Waivers, (d) confirming the adequacy of the Debtors' notice of this Motion, and (e) granting the Debtors such other and further relief as is just.

Debtors and Debtors-in-Possession

## **EXHIBIT A**

November \_\_, 2005

TO: [Covered Supplier]  
[Name]  
[Address]

Dear Valued Supplier:

As you are no doubt aware, on October 8, 2005 (the "Petition Date"), Delphi Corporation ("Delphi"), together with certain of its U.S. affiliates (collectively, the "Debtors"), filed voluntary petitions under chapter 11 of the United States Bankruptcy Code (11 U.S.C. §§ 101-1330, as amended) in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Cases" and the "Bankruptcy Court," respectively). On November 18, 2005, we requested the Bankruptcy Court's authority to assume certain of our agreements with suppliers in recognition of the importance of continuity in our business operations and our desire that the Bankruptcy Cases have as little effect on our operations as possible. On November \_\_, 2005, the Bankruptcy Court entered an order (the "Order") authorizing us, under certain conditions, to assume certain agreements with suppliers that agree to the terms set forth below and to be bound by the terms of the Order. A copy of the Order is enclosed.

To have the agreements between you and the Debtors that are listed on Schedule A hereto (each an "Agreement" and, if more than one, collectively, the "Agreements") assumed pursuant to section 365 of the Bankruptcy Code and to receive payment on pre-bankruptcy claims, you must agree to each of the following terms and conditions:

(a) You will extend the term of the Agreement or Agreements, as appropriate, and continue supplying the Debtors with the goods provided under the Agreement or Agreements, as appropriate, for a period of two (2) years from the date of expiration of each Agreement, unless the Debtors earlier reject or otherwise terminate the Agreement (the "Extension").

(b) You acknowledge and agree that each Agreement, and all of the terms thereof including the Delphi's General Terms and Conditions (a copy of which is enclosed herewith), including, without limitation, the termination for convenience provisions contained in Section 11 thereof, are enforceable by the Debtors against you.

(c) You will supply goods to the Debtors on MNS-2 payment terms and those other terms and conditions as are embodied in the Agreement (including Delphi's General Terms and Conditions) or such other trade terms, practices, and programs (including, without limitation, pricing terms) in effect between you and the Debtors in the twelve months prior to October 8, 2005 (collectively, the "Customary Trade Terms"), or such other favorable trade terms as are agreed to by the Debtors and the Covered Supplier.

(d) You are adequately assured of future performance for the term of the Extension and waive any right to seek further adequate assurance of future performance, whether pursuant to section 365(b)(1)(C) of the Bankruptcy Code or otherwise.

(e) You agree that the Debtors will pay you \_\_\_% of the outstanding prepetition liabilities of the Debtors under such Agreement(s) as of the effective date of assumption reflected in the Debtors' books and records (net of any setoffs, credits or discounts) or as otherwise reconciled between the Debtors and you (the "Trade Claim"). The Debtors will pay the amount of the Trade Claim to you in six equal payments on the last day of each of the next six calendar quarters (i.e., December 31, 2005; March 31, 2006; June 30, 2006; September 30, 2006; December 31, 2006; and March 31, 2007). Payment of such amount at the times provided in the preceding sentence will constitute cure of all defaults under the Agreement or Agreements, as appropriate, and compensation of all actual pecuniary losses to you resulting from any such defaults, and you waive any further rights that you may have under section 365(b) of the Bankruptcy Code; provided, however, that the Trade Claim shall not constitute an administrative expense pursuant to section 503 of the Bankruptcy Code and you waive any right to assert a claim under section 503 on account of the Trade Claim.

(f) In the event of any termination of the Agreement(s), you will not receive any payments of Cure that are to be paid on or after the effective date of such termination (the "Remaining Cure"); provided, however, that, upon any termination of any Agreement, you will receive an allowed general unsecured claim against the relevant Debtor for the amount of the Remaining Cure, which general unsecured claim shall be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases;

(g) Upon any termination of any Agreement, you agree that the amount of damages which you may assert against the relevant Debtor on account of such termination shall not exceed the amount of damages arising upon a termination for convenience in accordance with the terms of Section 11 of Delphi's General Terms and Conditions.

(h) You will receive an allowed general unsecured claim against the appropriate Debtor for the remaining balance of the amount of the outstanding prepetition liabilities of the Debtors under the Agreement(s) as of the effective date of assumption reflected in the Debtors' books and records or as otherwise reconciled between the Debtors and you, which general unsecured claim shall be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases.

(i) In consideration for the payment described herein, you agree not to file or otherwise assert against any or all of the Debtors, their estates, or any other person or entity or any of their respective assets or property (real or personal) any lien (regardless of the statute or other legal authority upon which such lien is asserted) related in any way to any remaining prepetition amounts allegedly owed to you by the Debtors arising from agreements entered into prior to the Petition Date, including, without limitation, the Agreement(s). Furthermore, if you have taken steps to file or assert such a lien prior to entering into this letter agreement, you agree to take all necessary steps to remove such lien as soon as possible.

(j) You represent and warrant to the Debtors that you have not sold, conveyed or otherwise transferred your Trade Claim to any other party.

Assumption of the Agreement(s) and payment of your Trade Claim in the manner set forth in the Order may occur only upon execution of this letter by a duly authorized representative of your company and the return of this letter to the Debtors. Your execution of this letter agreement and return of the same to the Debtors constitutes an agreement by you and the Debtors:

(a) to the Customary Trade Terms and to the amount of the Trade Claim reflected in the Debtors' books and records or as otherwise reconciled between the Debtors and you;

(b) that, for the term of the Extension, you will continue to supply the Debtors with goods pursuant to the Customary Trade Terms, and that the Debtors will pay for such goods in accordance with Customary Trade Terms;

(c) that you have reviewed the terms and provisions of the Order and that you consent to be bound by such terms;

(d) that you will not separately seek payment for reclamation and similar claims outside the terms of the Order;

(e) that if you breach your obligations under this letter agreement, you shall be liable to the Debtors for any and all consequential damages resulting from such breach;

(f) that, upon written notice of a breach described in paragraph (e) above from the Debtors, you will not be entitled to further installment payments of Cure until further order of the Bankruptcy Court;

(g) that, in the event that the Bankruptcy Court determines that you are in breach of this letter agreement, you will immediately disgorge all payments received on account of your Trade Claim and the Debtors' avoidance rights under chapter 5 of the Bankruptcy Code shall immediately be reinstated without further order of the Bankruptcy Court; and

(h) that you irrevocably consent to the Debtors' ability to sue you for injunctive relief in this Court upon a breach under any Agreement or this letter agreement.

The Debtors and you also hereby agree that any dispute with respect to this agreement, the Order, and/or any breach under any Agreement shall be determined by the Bankruptcy Court.

You hereby agree that you will keep the terms of this letter agreement together with all related settlement discussions strictly confidential. You may disclose the terms of this letter agreement only to your management personnel that need to know such information to

implement the terms of this letter agreement and legal counsel and other advisors with whom you have a recognized legal privilege; provided that all such parties have been informed of the confidentiality restrictions contained herein. You further agree that you will be responsible and liable for any breach of the confidentiality provisions set forth in this letter agreement by your management personnel, legal counsel and other advisors. You acknowledge that failure to honor the confidentiality provisions contained herein would cause significant economic harm to the Debtors. Any discussions by you with any third parties, including the press or media or consultants, regarding this letter agreement and its terms are expressly prohibited.

The Debtors expressly reserve all of their rights at law and in equity, including, without limitation, all of their rights as debtors-in-possession under the United States Bankruptcy Code. Without limiting the generality of the foregoing sentence, this agreement, and any payment made hereunder, does not constitute a waiver of the Debtors' rights (i) to dispute any claim, or (ii) to take, or refrain from taking, any other action under any applicable section of the United States Bankruptcy Code or any other applicable law.

If you have any questions about this Agreement or our financial restructuring, please do not hesitate to call (866) 688-8679.

Sincerely,

[DELPHI CORPORATION]

## **EXHIBIT B**

**DELPHI CORPORATION**

**GENERAL TERMS AND CONDITIONS**

**1. ACCEPTANCE**

Seller acknowledges and agrees that these General Terms and Conditions are incorporated in, and a part of, this contract and each purchase order, release, requisition, work order, shipping instruction, specification and other document, whether expressed in written form, by electronic data interchange or other tangible format, relating to the goods and/or services to be provided by Seller pursuant to this contract (such documents are collectively referred to as this "Contract"). Seller acknowledges and agrees that it has read and understands these General Terms and Conditions. If Seller accepts this Contract in writing or commences any of the work or services which are the subject of this Contract, Seller will be deemed to have accepted this Contract and these General Terms and Conditions in their entirety without modification. Any additions to, changes in, modifications of, or revisions of this Contract (including these General Terms and Conditions) which Seller proposes will be deemed to be rejected by Buyer except to the extent that an authorized employee of Buyer expressly agrees to accept any such proposals in writing.

**2. SHIPPING AND BILLING**

2.1 Shipping. Seller will (a) properly pack, mark and, ship goods as instructed by Buyer or any carriers and in accordance with any applicable laws or regulations, (b) route shipments as Buyer instructs, (c) not charge for costs relating to handling, packaging, storage or transportation (including duties, taxes, fees, etc.) unless otherwise expressly stated in this Contract, (d) provide packing slips with each shipment that identify Buyer's contract and release number and the date of the shipment, and (e) promptly forward the original bill of lading or other shipping receipt with respect to each shipment as Buyer instructs. Seller will include on bills of lading or other shipping receipts the correct classification identification of the goods shipped as Buyer or the carrier requires. The marks on each package and identification of the goods on packing slips, bills of lading and invoices must enable Buyer to easily identify the goods.

2.2 Billing. Seller will (a) accept payment based upon Buyer's Evaluated Receipt Record/Self-Billed Invoice unless Buyer requests that Seller issue and deliver an invoice and (b) accept payment by electronic funds transfer. If the payment due date is not otherwise specified in this Contract, the payment due date will be the due date established by the Multilateral Netting System (MNS-2) used by Buyer, which provides, on average, that payment will be due on the second day of the second month following the date Buyer receives the goods or services. Buyer may withhold payment for any goods or services until Buyer receives evidence, in such form and detail as Buyer requires, of the absence of any liens, encumbrances and claims on such goods or services.

2.3 Taxes. Unless otherwise stated in this Contract, the price includes all applicable federal, state, provincial, and local taxes other than sales, value added, or similar turnover taxes or charges. Seller will separately invoice Buyer for any sales, value added, or similar turnover taxes or charges that Seller is required by law to collect from Buyer. Seller will provide Buyer with whatever information and documentation that is required under local law in order to enable Buyer to recover any sales, value added, or similar turnover taxes or charges. Invoices shall also be in the appropriate form as required by local law to permit deduction of payments for income tax purposes by the Buyer.

2.4 Withholding of Taxes by Buyer. If Buyer is required by law to make any deduction or withholding from any sum otherwise payable to Seller under this Contract, Buyer shall be entitled to deduct or withhold such amount and effect payment thereof to the applicable tax authority. Buyer will, upon request from Seller, provide Seller official tax receipts or other evidence issued by the applicable tax authorities sufficient to establish that any taxes which are withheld have been paid.

Effective March 2004

2.5 Delivery Schedules. Deliveries will be made in the quantities, on the dates, and at the times specified by Buyer in this Contract or any subsequent releases or instructions Buyer issues under this Contract. Time is of the essence with respect to all delivery schedules Buyer establishes. Buyer will not be required to pay for any goods that exceed the quantities specified in Buyer's delivery schedules or to accept goods that are delivered in advance of the delivery date specified in Buyer's delivery schedules. Seller bears the risk of loss of all goods delivered in advance of the delivery date specified in Buyer's delivery schedules. If the requirements of Buyer's customers or market, economic or other conditions require changes in delivery schedules, Buyer may change the rate of scheduled shipments or direct temporary suspension of scheduled shipments without entitling Seller to a price adjustment or other compensation.

2.6 Premium Shipments. If Seller fails to have goods ready for shipment in time to meet Buyer's delivery schedules using the method of transportation originally specified by Buyer and, as a result, Buyer requires Seller to ship the goods using a premium (more expeditious) method of transportation, Seller will ship the goods as expeditiously as possible. Seller will pay, and be responsible for, the entire cost of such premium shipment, unless Buyer's actions caused Seller to fail to meet Buyer's delivery schedules, in which case Buyer will pay any costs for premium shipment.

2.7 Volume Forecasts. Buyer may provide Seller with estimates, forecasts or projections of its future anticipated volume or quantity requirements for goods. Seller acknowledges that any such forecasts are provided for informational purposes only and, like any other forward looking projections, are based on a number of economic and business factors, variables and assumptions, some or all of which may change over time. Buyer makes no representation, warranty, guaranty or commitment of any kind or nature, express or implied, regarding any such forecasts provided to Seller, including with respect to the accuracy or completeness of such forecasts.

### **3. SPECIFICATION, DESIGN AND SCOPE CHANGES**

Buyer may at any time require Seller to implement changes to the specifications or design of the goods or to the scope of any services or work covered by this Contract, including work related to inspection, testing or quality control. While Buyer will endeavor to discuss any such changes with Seller as early as practical, Seller will promptly implement such changes. Buyer will equitably determine any adjustment in price or delivery schedules resulting from such changes, including Buyer's payment of reasonable costs of modifications to Seller's Equipment (as defined in Article 16) necessary to implement such changes. In order to assist in the determination of any equitable adjustment in price or delivery schedules, Seller will, as requested, provide information to Buyer, including documentation of changes in Seller's cost of production and the time to implement such changes. In the event of any disagreement arising out of such changes, Buyer and Seller will work to resolve the disagreement in good faith, provided, however, that Seller will continue performing under this Contract, including the manufacture and delivery of goods and prompt implementation of changes required by Buyer, while Buyer and Seller resolve any disagreement arising out of such changes.

### **4. QUALITY AND INSPECTION**

Seller will participate in Buyer's supplier quality and development program(s) and comply with all engineering release and validation requirements and procedures, including Buyer's production part approval processes, which Buyer specifies from time to time. Seller will permit Buyer and its representatives and consultants to enter Seller's facilities at reasonable times to inspect such facilities and any goods, inventories, work-in-process, materials, machinery, equipment, tooling, fixtures, gauges and other items and processes related to Seller's performance of this Contract. No such inspection by Buyer will constitute acceptance by Buyer of any work-in-process or finished goods.

### **5. NON-CONFORMING GOODS**

Effective March 2004

Buyer is not required to perform incoming inspections of any goods, and Seller waives any right to require Buyer to conduct any such inspections. Seller will not substitute any goods for the goods covered by this Contract unless Buyer consents in writing. If Buyer rejects any goods as non-conforming, Buyer may, at its option, (a) reduce the quantities of goods ordered under this Contract by the quantity of non-conforming goods, (b) require Seller to replace the non-conforming goods, and/or (c) exercise any other applicable rights or remedies. If Seller fails to inform Buyer in writing of the manner in which Seller desires that Buyer dispose of non-conforming goods within forty-eight (48) hours of notice of Buyer's rejection of non-conforming goods (or such shorter period as is reasonable under the circumstances), Buyer will be entitled to dispose of the non-conforming goods without liability to Seller, provided, however, that in any event Buyer may elect to arrange for the shipment of any non-conforming goods back to Seller at Seller's expense. Seller will bear all risk of loss with respect to all non-conforming goods and will promptly pay or reimburse all costs incurred by Buyer to return, store or dispose any non-conforming goods. Buyer's payment for any non-conforming goods will not constitute acceptance by Buyer, limit or impair Buyer's right to exercise any rights or remedies, or relieve Seller of responsibility for the non-conforming goods.

## **6. FORCE MAJEURE**

If Seller is unable to produce, sell or deliver any goods or services covered by this Contract, or Buyer is unable to accept delivery, buy or use any goods or services covered by this Contract, as a result of an event or occurrence beyond the reasonable control of the affected party and without such party's fault or negligence, then any delay or failure to perform under this Contract that results from such event or occurrence will be excused for only so long as such event or occurrence continues, provided, however, that the affected party gives written notice of each such delay (including the anticipated duration of the delay) to the other party as soon as possible after the event or occurrence (but in no event more than three (3) days thereafter). Such events and occurrences may include, by way of example and not limitation, natural disasters, fires, floods, windstorms, severe weather, explosions, riots, wars, sabotage, labor problems (including lockouts, strikes and slowdowns), equipment breakdowns and power failures. During any delay or failure to perform by Seller, Buyer may (i) purchase substitute goods from other available sources, in which case the quantities under this Contract will be reduced by the quantities of such substitute goods and Seller will reimburse Buyer for any additional costs to Buyer of obtaining the substitute goods compared to the prices set forth in this Contract and/or (ii) have Seller provide substitute goods from other available sources in quantities and at times Buyer requests and at the prices set forth in this Contract. If Seller fails to provide adequate assurances that any delay will not exceed thirty (30) days or if any delay lasts more than thirty (30) days, Buyer may terminate this Contract without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11. Before any of Seller's labor contracts expire and as soon as Seller anticipates or learns of any impending strike, labor dispute, work stoppage or other disruption at Seller's facilities that might affect the delivery of goods to Buyer, Seller will produce (and locate in an area that will not be affected by any such disruption) a finished inventory of goods in quantities sufficient to ensure the supply of goods to Buyer for at least thirty (30) days after such disruption commences.

## **7. WARRANTY**

**7.1 General.** Seller warrants and guarantees to Buyer, its successors, assigns and customers that the goods and services covered by this Contract will (a) conform to the then current release/revision level (based on date Buyer's release is issued to Seller) of Buyer's applicable specifications and drawings, (b) conform to all samples, descriptions, brochures and manuals furnished by Seller or Buyer, (c) be merchantable, (d) be of good material and workmanship, (e) be free from defect, and (f) be fit and sufficient for the particular purposes intended by Buyer and any customer of Buyer. If requested by Buyer, Seller will enter into a separate agreement for the administration or processing of warranty chargebacks for nonconforming goods.

**7.2 Warranty Period.** In the case of goods supplied for use as, or incorporation into, parts, components or systems for automotive vehicles or other finished products, the period for each of the foregoing warranties will commence upon delivery of the goods to Buyer and, except as provided in Section 7.4 or as otherwise

Effective March 2004

expressly agreed in writing by an authorized employee of Buyer, end forty-eight (48) months following the date the vehicle or other finished product on which such parts, components or systems are installed is first sold and delivered or otherwise utilized for consumer or commercial purposes, provided, however, that if Buyer offers and provides a longer warranty to its customers with respect to any such parts, components or systems, then such longer warranty period will apply to the goods. In the case of goods supplied for other uses, the period for each of the foregoing warranties will be that provided by applicable law unless otherwise expressly agreed in writing by an authorized employee of Buyer.

**7.3 Remedies and Damages.** If any goods are reasonably determined (including by use of statistical analysis or other sampling methodology) to fail to conform to the warranties set forth in this Contract, Seller shall reimburse Buyer for all reasonable losses, costs and damages caused by such nonconforming goods. Such costs and damages may include, without limitation, costs, expenses and losses of Buyer and/or its customers arising from (i) inspection, sorting, repair or replacement of any nonconforming goods or any system or component that incorporates such nonconforming goods, (ii) production interruptions or slowdowns, (iii) offlining of vehicles or component systems, and (iv) field service campaigns and other corrective service actions, including, without limitation, the amounts paid to distributors and/or dealers for materials and replacement parts (including reasonable markup to recover administrative costs or other capital expenses) and the labor costs to perform such work.

**7.4 Recalls.** Notwithstanding the expiration of the warranty period set forth in Section 7.2, if Buyer and/or the manufacturer of the vehicles (or other finished product) on which the goods, or any parts, components or systems incorporating the goods, are installed, voluntarily or pursuant to a government mandate, makes an offer to owners of such vehicles to provide remedial action to address a defect that relates to motor vehicle safety or the failure of the vehicle to comply with any applicable law, safety standard or guideline (a so-called "recall"), Seller will nonetheless be liable for costs and damages associated with the conduct of such recall to the extent that such recall is based upon a reasonable determination (including by use of statistical analysis or other sampling methodology) that the goods fail to conform to the warranties set forth in this Contract.

## **8. INGREDIENTS AND HAZARDOUS MATERIALS**

If Buyer requests, Seller will promptly furnish to Buyer, in such form and detail as Buyer directs: (a) a list of all ingredients in the goods, (b) the amount of all ingredients, and (c) information concerning any changes in or additions to the ingredients. Prior to, and together with, the shipment of the goods, Seller will furnish to Buyer and all carriers sufficient written warning and notice (including appropriate labels on the goods, containers and packing) of any hazardous material that is an ingredient or a part of any of the goods, together with all special handling instructions, safety measures and precautions as may be necessary to comply with applicable law, to inform Buyer and all carriers of any applicable legal requirements and to best allow Buyer and all carriers to prevent bodily injury or property damage in the handling, transportation, processing, use or disposal of the goods, containers and packing.

## **9. INSOLVENCY OF SELLER**

In any of the following or any similar events Buyer may immediately terminate this Contract without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11: (a) insolvency or financial difficulties of Seller, (b) filing of a voluntary petition in bankruptcy by Seller, (c) filing of any involuntary petition in bankruptcy against Seller, (d) appointment of a receiver or trustee for Seller, (e) execution of an assignment for the benefit of creditors by Seller, or (f) any accommodation by Buyer, financial or otherwise, not contemplated by this Contract, that are necessary for Seller to meet its obligations under this Contract. Seller will reimburse Buyer for all costs Buyer incurs in connection with any of the foregoing whether or not this Contract is terminated, including, but not limited to, all attorney or other professional fees.

## 10. TERMINATION FOR BREACH

Buyer may terminate all or any part of this Contract without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11 if Seller (a) repudiates, breaches, or threatens to breach any of the terms of this Contract, including Seller's warranties, (b) fails to perform or threatens not to perform services or deliver goods in accordance with this Contract or (c) fails to assure timely and proper completion of services or delivery of goods.

## 11. TERMINATION FOR CONVENIENCE

In addition to any other rights of Buyer to terminate this Contract, Buyer may immediately terminate all or any part of this Contract, at any time and for any reason, by notifying Seller in writing. Upon such termination, Buyer may, at its option, purchase from Seller any or all raw materials, work-in-process and finished goods inventory related to the goods under this Contract which are useable and in a merchantable condition. The purchase price for such finished goods, raw materials and work-in-process, and Seller's sole and exclusive recovery from Buyer (without regard to the legal theory which is the basis for any claim by Seller) on account of such termination, will be (a) the contract price for all goods or services that have been completed in accordance with this Contract as of termination date and delivered and accepted by Buyer and not previously paid for, plus (b) the actual costs of work-in-process and raw materials incurred by Seller in furnishing the goods or services under this Contract to the extent such costs are reasonable in amount and are properly allocable or apportionable under generally accepted accounting principles to the terminated portion of this Contract less (c) the reasonable value or cost (whichever is higher) of any goods or materials used or sold by Seller with Buyer's written consent. In no event will Buyer be required to pay for finished goods, work-in-process or raw materials which Seller fabricates or procures in amounts that exceed those Buyer authorizes in delivery releases nor will Buyer be required to pay for any goods or materials that are in Seller's standard stock or that are readily marketable. Payments made under this Article will not exceed the aggregate price for finished goods that would be produced by Seller under delivery or release schedules outstanding at the date of termination. Within sixty (60) days after the effective date of termination, Seller will submit a comprehensive termination claim to Buyer, with sufficient supporting data to permit an audit by Buyer, and will thereafter promptly furnish any supplemental and supporting information Buyer requests.

## 12. TECHNICAL INFORMATION

12.1 Information Disclosed by Seller. Seller will create, maintain, update, and provide to Buyer, in compliance with Buyer's drafting and math data standards, all technical information about the goods and their manufacture which is reasonably necessary or requested by Buyer in connection with its use of the goods, including, without limitation, the engineering validation and qualification of the goods for automotive production and other applications and compliance with any legal or regulatory requirements. Such technical information will not be subject to any use or disclosure restrictions, except as provided in Section 12.2 below.

12.2 Waiver of Claims. Seller agrees not to assert any claim (other than a claim for patent infringement) against Buyer, Buyer's customers or their respective suppliers with respect to any technical information that Seller shall have disclosed, or may hereafter disclose, in connection with the goods or services covered by this Contract.

12.3 Repair and Rebuild. Seller authorizes Buyer, its affiliates, agents and subcontractors, and Buyer's customers and their subcontractors to repair, reconstruct or rebuild the goods and products delivered under this Contract without payment of any royalty or other compensation to Seller.

12.4 Software and Written Works. Seller grants to Buyer a permanent, paid-up license to use, repair, modify and sell any operating software incorporated in the goods in conjunction with the use or sale of the goods. In addition, all works of authorship, including without limitation, software, computer programs and databases (including object code, micro code, source code and data structures), and all enhancements, modifications and updates thereof and all other written work products or materials, which are created in the course of performing

Effective March 2004

this Contract, separately or as part of any goods and components, are "works made for hire" and the sole property of Buyer. To the extent that such works of authorship do not qualify under applicable law as works made for hire, Seller hereby assigns to Buyer all right, title and interest in any intellectual property rights in such works of authorship. If such assignment is not possible under any applicable law, Seller hereby grants an exclusive, royalty-free license to Buyer with respect to such works of authorship.

**12.5 Development, Engineering And Consulting Services.** Engineering, consulting or development services ("Development Services") funded under this Contract that result in any idea, invention, concept, discovery, work of authorship, patent, copyright, trademark, trade secret, know-how or other intellectual property ("IP") shall be the sole property of Buyer. Seller agrees to assign all right, title and interest in and to IP that results from Development Services ("Developed IP") to Buyer. Seller shall notify Buyer of the existence of Developed IP and assist Buyer in every reasonable way to perfect its right, title and interest in Developed IP, such as by executing and delivering all additional documents reasonably requested by Buyer in order to perfect, register, and/or enforce the same, and Buyer shall reimburse Seller for reasonable costs incurred by Seller in providing such assistance.

### **13. INDEMNIFICATION**

**13.1 Infringement.** Seller will defend, hold harmless and indemnify Buyer and its customers, and their respective successors and assigns, against any claims of infringement (including patent, trademark, copyright, moral, industrial design or other proprietary rights, or misuse or misappropriation of trade secret) and resulting damages and expenses (including, without limitation, attorney and other professional fees and disbursements) relating to the goods or services covered by this Contract, including any claims in circumstances where Seller has provided only part of the goods or services. Seller waives any claim against Buyer that any such infringement arose out of compliance with Buyer's specifications.

**13.2 Activities on Buyer's Premises.** Seller will defend, hold harmless, and indemnify Buyer from and against any liability, claims, demands, damages, costs or expenses (including, without limitation, reasonable attorney and other professional fees and disbursements) arising from or in connection with the performance of any service or work by Seller or its employees, agents, representatives and subcontractors on Buyer's or Buyer's customer's premises or the use of the property of Buyer or any customer of Buyer, except to the extent such liability arises out of the negligence or willful misconduct of Buyer or Buyer's customer.

**13.3 Product Liability.** Seller will defend, hold harmless, and indemnify Buyer from and against any liability and expenses (including, without limitation, attorney and other professional fees and disbursements) arising from or in connection with any third party claims or demands to recover for personal injury or death, property damage or economic loss caused by any of the goods or services supplied by Seller (regardless of whether such claim or demand arises under tort, negligence, contract, warranty, strict liability or any other legal theories), except to the extent such injury, damage or loss results from Buyer's specifications as to design or materials or from alteration or improper repair, maintenance or installation by any party other than Seller.

### **14. COMPLIANCE WITH LAWS**

Seller, and any goods or services supplied by Seller, will comply with all applicable laws, rules, regulations, orders, conventions, ordinances and standards of the country(ies) of origin and destination or that relate to the manufacture, labeling, transportation, importation, exportation, licensing, approval, performance and/or certification of the goods or services, including, but not limited to, those relating to environmental matters, wages, hours and conditions of employment, subcontractor selection, discrimination, occupational health/safety and motor vehicle safety. Neither Seller nor any of its subcontractors will utilize slave, prisoner or any other form of forced or involuntary labor in the supply of goods or services under this Contract. Upon Buyer's request, Seller will certify in writing its compliance with the foregoing. Seller will defend, hold harmless and indemnify Buyer from and against any liability, claims, demands, damages or expenses (including reasonable attorney or other professional fees and disbursements) arising from or relating to Seller's noncompliance with this Article.

## 15. INSURANCE

Seller will maintain insurance coverage as required by applicable law or as reasonably requested by Buyer with carriers reasonably acceptable to Buyer. With respect to any such insurance coverage, Seller will furnish to Buyer either a certificate evidencing satisfaction of the above-mentioned insurance requirements under this Contract or certified copies of all insurance policies within ten (10) days after Buyer requests. The certificate must provide that Buyer will receive thirty (30) days prior written notice from the insurer of any termination or reduction in the amount or scope of coverage. The furnishing of certificates of insurance and purchase of insurance will not limit or release Seller from Seller's obligations or liabilities under this Contract.

## 16. SELLER'S EQUIPMENT

Seller, at its expense, will furnish, keep in good condition, and replace when necessary all of its machinery and equipment, including related tooling, jigs, dies, gauges, fixtures, molds, patterns, fixtures and other accessories, required for the production of goods covered by this Contract (collectively, "Seller's Equipment"). Seller will insure Seller's Equipment with fire and extended coverage insurance for its full replacement value. Seller grants Buyer an irrevocable option to take possession of, and title to, all or part of Seller's Equipment that is specially designed or outfitted for the production of the goods covered by this Contract, in which event Buyer will, within 45 days following delivery of such Seller's Equipment to Buyer, pay to Seller of the lower of (i) the net book value of such Seller's Equipment (i.e., actual cost less amortization) or (ii) then current fair market value of such Seller's Equipment, in each case less any amounts that Buyer has previously paid to Seller on account of such Seller's Equipment. The foregoing option will not apply to the extent that Seller's Equipment is used to produce goods that are the standard stock of Seller and are then being sold by Seller to other customers. Buyer's right to exercise the foregoing option is not conditioned on Seller's breach or Buyer's termination of this Contract or upon payment of any other amounts due under this Contract.

## 17. BUYER'S PROPERTY AND INFORMATION

17.1 Acquisition of Tooling and Materials. To the extent that this Contract covers Buyer's purchase of, or reimbursement to Seller for, any tooling, jigs, dies, gauges, fixtures, molds, patterns, equipment, supplies, materials and other items (collectively, "Tooling and Materials") to be used in connection with Seller's actual or anticipated supply of goods to Buyer, Seller will acquire such Tooling and Materials as agent of Buyer and Buyer shall pay to or reimburse Seller the lower of (i) the amount specified in this Contract for such Tooling and Materials or (ii) Seller's actual out-of-pocket cost to acquire the Tooling or Materials from an unrelated third party or, if the Tooling and Materials are constructed or fabricated by Seller or any affiliate of Seller, the actual direct costs for materials, labor and overhead associated with such construction and fabrication. Seller shall assign to Buyer any contract rights or claims in which Seller has an interest with respect to such Tooling and Materials. Seller shall establish a reasonable accounting system that readily enables the identification of Seller's costs as described above. Buyer or its agents shall have the right to audit and examine all books, records, facilities, work, material, inventories and other items relating to any such Tooling and Materials. Upon Seller's acquisition of such Tooling and Materials, title thereto shall vest immediately in Buyer and such Tooling and Materials shall be held as "Buyer's Property" by Seller in accordance with this Article 17.

17.2 Bailment of Buyer's Property. All Tooling and Materials which Buyer furnishes, either directly or indirectly, to Seller or which Buyer buys from, or gives reimbursement to, Seller in whole or in part (collectively, "Buyer's Property") will be and remain the property of Buyer and be held by Seller on a bailment basis. Title to all replacement parts, additions, improvements and accessories purchased by Seller will vest in Buyer immediately upon attachment to or incorporation into Buyer's Property. When permitted by law, Seller waives any lien or other rights that Seller might otherwise have on or in any of Buyer's Property for work performed on, or utilizing, such property or otherwise.

17.3 Seller's Duties with Respect to Buyer's Property. While Buyer's Property is in Seller's possession and until Seller delivers Buyer's Property back to Buyer, Seller bears the risk of loss, theft and damage to Buyer's

Effective March 2004

Property. Seller will be responsible for the cost of repairing or replacing Buyer's Property if it is stolen, damaged or destroyed regardless of cause or fault. Seller will at all times: (a) regularly inspect, maintain in good condition, and repair Buyer's Property at Seller's own expense, (b) use Buyer's Property only for the performance of this Contract, (c) deem Buyer's Property to be personal property, (d) conspicuously mark Buyer's Property as the property of Buyer and maintain such markings, (e) not commingle Buyer's Property with the property of Seller or with that of a third person, (f) not move Buyer's Property from Seller's applicable shipping location (as shown by the shipping address of Seller) without prior written approval from an authorized employee of Buyer, and (g) use Buyer's Property in compliance with Buyer's or the manufacturer's instructions and in compliance with all federal, state and local laws, ordinances and regulations. Buyer will have the right to enter Seller's premises at all reasonable times to inspect Buyer's Property and Seller's records with respect thereto. Seller will not sell, lend, rent, encumber, pledge, lease, transfer or otherwise dispose of Buyer's Property. Furthermore, Seller will not assert, or permit any person claiming an interest through Seller to assert any claims of ownership to or any other interest in Buyer's Property.

**17.4 Return of Buyer's Property.** Seller agrees that Buyer has the right, at any time and from time to time, with or without reason and without payment of any kind, to retake possession of or request the return of Buyer's Property. Without further notice or court hearings, which rights, if any, are hereby waived, Buyer or its designee(s) will have the right to enter Seller's premises and take possession of any and all of Buyer's Property. Upon Buyer's request and in accordance with Buyer's instructions, Buyer's Property will be immediately released to Buyer or delivered to Buyer by Seller, either (i) Ex Works (Incoterms 2000) at Seller's plant properly packed and marked in accordance with the requirements of the carrier selected by Buyer to transport such Buyer's Property or (ii) to any location Buyer designates, in which event Buyer will pay Seller the reasonable costs of delivering Buyer's Property to the location Buyer designates. If Seller does not release and deliver any Buyer's Property in accordance with this Article, Buyer may obtain an immediate writ of possession without notice and without the posting of any bond and/or enter Seller's premises, with or without legal process, and take immediate possession of Buyer's Property.

**17.5 Disclaimer of Warranties.** Seller acknowledges and agrees that (i) Buyer is not the manufacturer of Buyer's Property nor the manufacturer's agent nor a dealer therein, (ii) Buyer is bailing Buyer's Property to Seller for Seller's benefit, (iii) Seller is satisfied that Buyer's Property is suitable and fit for its purposes, and (iv) BUYER HAS NOT MADE AND DOES NOT MAKE ANY WARRANTY OR REPRESENTATION WHATSOEVER, EITHER EXPRESS OR IMPLIED, AS TO THE FITNESS, CONDITION, MERCHANTABILITY, DESIGN OR OPERATION OF BUYER'S PROPERTY OR ITS FITNESS FOR ANY PARTICULAR PURPOSE. Buyer will not be liable to Seller for any loss, damage, injury or expense of any kind or nature caused, directly or indirectly, by Buyer's Property, including, without limitation, the use or maintenance thereof, or the repair, service or adjustment thereof, or by any interruption of service or for any loss of business whatsoever or howsoever caused, including, without limitation, any loss of anticipatory damages, profits or any other indirect, special or consequential damages and/or personal injury or death.

**17.6 Use of Buyer's Information.** Seller will (i) keep all Buyer's Information (as defined below) confidential and disclose it only to its employees who need to know such Buyer's Information in order for Seller to supply goods and services to Buyer under this Contract and (ii) use the Buyer's Information solely for the purpose of supplying goods and services to Buyer. Goods manufactured based on Buyer's Information may not be used for Seller's own use or sold by Seller to third parties without prior express written consent from an authorized employee of Buyer. "Buyer's Information" means all information provided to Seller by Buyer or its representatives or subcontractors in connection with the business, programs, goods and services covered by this Contract, including, without limitation, pricing and other terms of this Contract, specifications, data, formulas, compositions, designs, sketches, photographs, samples, prototypes, test vehicles, manufacturing, packaging or shipping methods and processes and computer software and programs (including object code and source code). Buyer's Information also includes any materials or information that contain, or are based on, any Buyer's Information, whether prepared by Buyer, Seller or any other person.

## **18. SERVICE AND REPLACEMENT PARTS**

During the term of this Contract, Seller will sell to Buyer goods necessary to fulfill Buyer's service and replacement parts requirements to Buyer's customers at the then current production price(s) under this Contract. If the goods are systems or modules, Seller will sell the components or parts that comprise the system or module at price(s) that will not, in the aggregate, exceed the price of the system or module less assembly costs. If this Contract is in effect at the end of the vehicle production program into which the goods covered by the Contract are incorporated, Seller will also sell goods to Buyer to fulfill Buyer's and its customers' service and replacement parts requirements during the fifteen (15) year period following the end of such vehicle production program (the "Post-Production Period"), and this Contract will automatically remain in effect during the entire Post-Production Period. During the initial five (5) years of the Post-Production Period, the price(s) for such goods will be the production price(s) which were in effect at the commencement of the Post-Production Period. For the remainder of the Post-Production Period, the price(s) for such service goods will be as reasonably agreed to by the parties. If requested by Buyer, Seller will also make service literature and other materials available at no additional charge to support Buyer's service activities.

## **19. REMEDIES AND INJUNCTIVE RELIEF**

The rights and remedies reserved to Buyer in this Contract are cumulative with, and in addition to, all other or further remedies provided in law or equity. To the extent that this Contract is for the supply of goods for use as, or fabrication into, parts, components or systems, Seller acknowledges and agrees that money damages would not be a sufficient remedy for any actual, anticipatory or threatened breach of this Contract by Seller with respect to its delivery of goods to Buyer and that, in addition to all other rights and remedies which Buyer may have, Buyer shall be entitled to specific performance and injunctive or other equitable relief as a remedy for any such breach.

## **20. CUSTOMS AND EXPORT CONTROLS**

20.1 Credits and Refunds. Transferable credits or benefits associated with or arising from goods purchased under this Contract, including trade credits, export credits or rights to the refund of duties, taxes or fees, belong to Buyer. Seller will, at its expense, provide all information necessary (including written documentation and electronic transaction records in Buyer-approved formats) to permit Buyer to receive these benefits, credits, or rights. Seller will furthermore, at its expense, provide Buyer with all information, documentation, and electronic transaction records relating to the goods necessary for Buyer to fulfill any customs -related obligations, origin marking or labeling requirements and certification or local content reporting requirements, to enable Buyer to claim preferential duty treatment for goods eligible under applicable trade preference regimes, and to make all arrangements that are necessary for the goods to be covered by any duty deferral or free trade zone program(s) of the country of import. Seller will, at its expense, provide Buyer or Buyer's nominated service provider with export documentation to enable the goods to be exported, and obtain all export licenses or authorizations necessary for the export of the goods unless otherwise indicated in this Contract, in which event Seller will provide all information as may be necessary to enable Buyer to obtain such licensees or authorization(s).

20.2 Customs-Trade Partnership Against Terrorism. To the extent any good covered by this Contract are to be imported into the United States of America, Seller shall comply with all applicable recommendations or requirements of the Bureau of Customs and Border Protection's Customs-Trade Partnership Against Terrorism ("C-TPAT") initiative. Upon request, Seller shall certify in writing its compliance with the C-TPAT initiative.

## **21. BUYER'S RECOVERY RIGHT**

With respect to any monetary obligations of Seller or Seller's affiliates to Buyer or Buyer's affiliates, including, without limitation, direct and indirect losses, costs and damages resulting from Seller's failure to timely delivery goods or services, the failure of any goods or service to conform to applicable warranties or other breach by Seller of this Contract, Buyer may at any time, as applicable, recover, recoup or setoff such amounts by

deducting such amounts from any sums that are, or will become, owing, due or payable to Seller or Seller's affiliates by Buyer or Buyer's affiliates.

## **22. NO ADVERTISING**

Seller will not, in any manner, advertise or publish that Seller has contracted to furnish Buyer the goods or services covered by this Contract or use any trademarks or trade names of Buyer in Seller's goods, advertising or promotional materials unless Buyer consents in writing.

## **23. NO IMPLIED WAIVER**

The failure of either party at any time to require performance by the other party of any provision of this Contract will not affect the right to require such performance at any later time, nor will the waiver by either party of a breach of any provision of this Contract constitute a waiver of any succeeding breach of the same or any other provision. No failure or delay in exercising any right or remedy will operate as a waiver thereof nor will any single or partial exercise thereof preclude other or further exercise thereof. No course of dealing or course of performance may be used to evidence a waiver or limitation of Seller's obligations under this Contract.

## **24. ASSIGNMENT AND CHANGE IN CONTROL**

Buyer may assign its rights and obligations under this Contract without Seller's prior written consent. Seller may not assign or delegate its rights or obligations under this Contract without prior written consent from an authorized employee of Buyer. In addition, Buyer may terminate this Contract upon giving at least 60 days notice to Seller, without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11, if Seller (i) sells, or offers to sell, a material portion of its assets or (ii) sells or exchanges, or offers to sell or exchange, or causes to be sold or exchanged, a sufficient amount of its stock or other equity interests that effects a change in the control of Seller or (iii) executes, or otherwise becomes subject to, a voting or other agreement or trust that effects a change in the control of Seller.

## **25. RELATIONSHIP OF PARTIES**

Seller and Buyer are independent contracting parties. Nothing in this Contract makes either party the agent or legal representative of the other for any purpose whatsoever, nor grants either party any authority to assume or create any obligation on behalf of or in the name of the other party.

## **26. GOVERNING LAW AND JURISDICTION**

**26.1 U.S. Contracts.** If either (i) this Contract is issued by Buyer from a location within the United States of America or its territories (as shown by the issuing address of Buyer), (ii) this Contract is issued, in whole or part, for goods to be shipped to a Buyer location within the United States of America or its territories (as shown by the ship to or receiving address of Buyer) or (iii) Seller's applicable shipping location is within the United States of America or its territories (as shown by the shipping address of Seller), then: (a) this Contract is to be construed according to the laws of the United States of America and the State of Michigan, excluding the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any choice of law provisions that require application of any other law, and (b) each party hereby agrees that the forum and venue for any legal or equitable action or proceeding arising out of, or in connection with, this Contract will lie in the appropriate federal or state courts in the State of Michigan and specifically waives any and all objections to such jurisdiction and venue.

**26.2 Non-U.S. Contracts.** In all cases not covered by Section 26.1 above, (a) this Contract is to be construed according to the laws of the country (and state or province, if applicable) where Buyer's receiving location is located (as shown by the ship to or receiving address of Buyer), excluding the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any choice of law provisions that require application of any other law; (b) any legal or equitable action or proceedings by Buyer against Seller arising out

Effective March 2004

of, or in connection with, this Contract may be brought by Buyer in any court(s) having jurisdiction over Seller or, at Buyer's option, in any court(s) having jurisdiction over Buyer's receiving location, in which event Seller consents to such jurisdiction and venue, including service of process in accordance with applicable procedures; and (c) any legal or equitable actions or proceedings by Seller against Buyer arising out of, or in connection with, this Contract may be brought by Seller only in the court(s) having jurisdiction over the Buyer's receiving location.

## **27. SEVERABILITY**

If any provision of this Contract is invalid or unenforceable under any statute, regulation, ordinance, executive order or other rule of law, such provision will be deemed reformed or deleted, as the case may be, but only to the extent necessary to comply with such statute, regulation, ordinance, order or rule, and the remaining provisions of this Contract will remain in full force and effect.

## **28. RIGHT TO AUDIT AND INSPECT**

Buyer, at its expense, has the right to audit and review all relevant books, records, income statements, balance sheets, cash flow statements, payroll data, receipts and other related supporting data, including Seller's administrative and accounting policies, guidelines, practices and procedures, in order to (i) substantiate any charges and other matters under this Contract and (ii) assess Seller's ongoing ability to perform its obligations under the Production Purchase Order. Seller will maintain and preserve all such documents for a period of four (4) years following final payment under this Contract. Seller will provide Buyer with reasonable access to its facilities and otherwise cooperate and facilitate any such audits by Buyer.

## **29. ENTIRE AGREEMENT**

This Contract, together with the attachments, exhibits, supplements or other terms of Buyer specifically referenced in this Contract, constitutes the entire agreement between Seller and Buyer with respect to the matters contained in this Contract and supersedes all prior oral or written representations and agreements. This Contract may only be modified by a written contract amendment issued by Buyer. Notwithstanding anything to the contrary contained herein, Buyer explicitly reserves, and this Contract will not constitute a waiver or release of, any rights and claims against Seller arising out of, or relating to, any fraud or duress in connection with the formation of this Contract or any breach or anticipatory breach of any previously existing contract between Buyer and Seller (whether or not such previously existing contract related to the same or similar goods or subject matter as this Contract). All payments by Buyer to Seller under this Contract are without prejudice to Buyer's claims, rights, or remedies.

## **30. TRANSLATIONS**

Buyer may provide various translated versions of these General Terms and Conditions for informational purposes only. However, the original English language version of these General Terms and Conditions will apply in the event of any disagreement over the meaning or construction of any provisions of these General Terms and Conditions.

ORDER UNDER 11 U.S.C. §§ 363(b) AND 365(a)  
AND FED. R. BANKR. P. 9019 APPROVING  
PROCEDURES TO ASSUME CERTAIN AMENDED AND  
RESTATED SOLE SOURCE SUPPLIER AGREEMENTS

("SUPPLIER AGREEMENT ASSUMPTION PROCEDURES ORDER")

Upon the motion, dated November 18, 2005 (the "Motion"), of Delphi Corporation ("Delphi") and certain of its subsidiaries and affiliates, debtors and debtors-in-possession in the above-captioned cases (collectively, the "Debtors"), for an order (the "Order") under 11 U.S.C. §§ 363(b) and 365(a) and Fed. R. Bankr. P. 9019 approving procedures to assume, in connection with an extension and certain other contract provisions, certain agreements (the "Assumable Agreements"), pursuant to which the Debtors receive goods which the Debtors believe are critical to their on-going manufacturing operations (collectively, the "Goods"), with those of the Debtors' suppliers that are the sole source from which the Debtors can currently obtain sufficient quantities of the Goods to avoid interruptions of the Debtors' manufacturing operations (the "Covered Suppliers"); and upon the record of the hearing held on the Motion; and after due deliberation thereon,

IT IS HEREBY FOUND AND DETERMINED THAT:

A. The Debtors have exercised reasonable business judgment in deciding to implement procedures by which the Debtors may assume the Assumable Agreements without need for further Court approval, but subject to the Required Minimum Provisions (as defined below).

B. The Debtors' provision of Cure (as defined below) meets the requirements of section 365(b) of the Bankruptcy Code and the Covered Suppliers are not entitled to any other or further relief under such section.

C. Each Covered Supplier is adequately assured of the Debtors' future performance under the Agreements on account of, inter alia, this Court's approval on a final basis of the Debtors' debtor-in-possession financing facility pursuant to that certain Final Order Under 11 U.S.C. §§ 105, 361, 362, 364(c)(1), 364(c)(2), 364(c)(3), 364(d)(1), and 364(e) and Fed. R. Bankr. P. 2002, 4001 and 9014 (I) Authorizing Debtors to Obtain Postpetition Financing, (II) to Utilize Cash Collateral and (III) Granting Adequate Protection to Prepetition Secured Parties (Docket No. 797) and the Debtors need not provide any further assurance of future performance under section 365 of the Bankruptcy Code, any other provision of the Bankruptcy Code or any applicable non-bankruptcy law.

D. The relief requested in the Motion is in the best interests of the Debtors, their estates, their creditors, and other parties-in-interest.

E. Proper and adequate notice of the Motion has been given and no other or further notice is necessary.

F. Good and sufficient cause has been shown for the entry of this Order.

THEREFORE, IT IS ORDERED, ADJUDGED, AND DECREED THAT:

1. The Motion is GRANTED.
2. The Debtors are hereby authorized, but not directed, to assume each Assumable Agreement pursuant to section 365(a) within a reasonable time prior to the date of expiration of such Assumable Agreement (the "Assumption Date"), without further order of this Court; provided, however, that the Debtors shall not assume any agreements, or pay any prepetition claims related thereto, under which a supplier sold all or some of its prepetition claims arising under such otherwise Assumable Agreement to one or more third parties.
3. The relevant Covered Supplier's entry into an agreement substantially in the form attached hereto as Exhibit 1 (an "Assumption Agreement") evidencing such Covered Supplier's agreement to comply with all of the Required Minimum Provisions (as defined below) shall be a condition precedent to the Debtors' exercise of the authority to assume an Assumable Agreement. Upon a Covered Supplier's entry into such an Assumption Agreement, the Debtors shall be authorized to assume the relevant Assumable Agreement or Agreements without further notice or order of this Court.
4. The Debtors are hereby authorized, but not directed, to assume each Assumable Agreement for which the relevant Covered Supplier counterparty thereto has accepted a new agreement or an extension of the term of their Assumable Agreement (either by written acknowledgement or through performance under the Assumable Agreement) (the "Previously Extended Agreements") after the Petition Date, pursuant to

section 365(a), effective as of the Assumption Date; provided that the relevant Covered Supplier strictly comply with the provisions of paragraph 5, infra.

5. Covered Suppliers desiring to have their Previously Extended Agreements assumed in accordance with paragraph 4, supra, shall be eligible to request to have their Previously Extended Agreement assumed, which request shall be made in writing so as to be actually received not later than 4:00 p.m. (prevailing Eastern time) on the forty-fifth day following entry of this Order, or as otherwise agreed by the Debtors in their sole discretion, by each of the following parties: (a) Delphi Corporation, 5725 Delphi Drive, Troy, Michigan 48098-2815 (Att'n: Karen J. Craft, Esq. and Michael J. Orris); (b) Skadden, Arps, Slate, Meagher & Flom LLP, 333 West Wacker Drive, Suite 2100, Chicago, Illinois 60606 (Att'n: John Wm. Butler, Jr., Esq. and John K. Lyons, Esq.); and (c) Latham & Watkins LLP, 885 Third Avenue, Suite 1000, New York, New York 10022-4068 (Att'n: Robert J. Rosenberg, Esq.). A Covered Supplier's failure to strictly comply with the provisions of this paragraph 5 shall constitute a full and final waiver of its right to seek assumption of the relevant Previously Extended Agreements pursuant to the terms of this Order.

6. Notwithstanding anything to the contrary contained herein, should a Covered Supplier not consent to entry into an Assumption Agreement or refuse to consent to any Required Minimum Provision (each such Covered Supplier, a "Non-Consenting Supplier"), the Debtors shall not be authorized to assume such Supplier's Assumable Agreement or Agreements without prior approval of the Creditors' Committee or, absent Creditors' Committee approval, order of this Court. Upon the Debtors' election to assume one or more Assumable Agreements of a Non-Consenting Supplier (each a

"Non-Conforming Assumption"), the Debtors shall provide written notice of such Non-Conforming Assumption to the designated representatives of the Creditors' Committee; provided, however, that the Debtors shall be authorized to serve such written notice on the designated representatives of the Creditors' Committee by facsimile or electronic mail. The Creditors' Committee shall have three business days from the date of receipt of the notice of Non-Conforming Assumption in which to file with the Court and serve upon counsel to the Debtors any objection that it may have to such Non-Conforming Assumption; provided, however, that if the Creditors' Committee does not timely file and serve an objection, the Creditors' Committee shall be deemed not to object to the Non-Conforming Assumption and such assumption shall become effective on the Assumption Date without further notice or Court order. If a timely objection is filed and served upon the Debtors' counsel, this Court would then schedule a hearing to consider the Non-Conforming Assumption as soon as practicable.

7. Nothing contained in this Order shall limit the Debtors' right to separately move to assume an agreement.

8. The Debtors' authority to assume any Assumable Agreement shall be predicated upon the relevant Covered Supplier's agreement to the following modifications of the Assumable Agreement and other concessions (collectively, the "Required Minimum Provisions"):

- a. The term of the relevant Assumable Agreement shall be extended for a period of two years from the date of expiration of the Assumable Agreement, unless the Debtors earlier reject or otherwise terminate the Assumable Agreement (the "Extension").

- b. The relevant Assumable Agreement, and all of the terms thereof including Delphi's General Terms and Conditions (a copy of which is attached hereto as Exhibit 2), including, without limitation, the termination for convenience provisions contained in Section 11 thereof, are enforceable by the Debtors against such Covered Supplier.
- c. The Covered Supplier will supply the Debtors with the goods provided under the relevant Assumable Agreement during the term of the Extension on MNS-2 payment terms and those other terms and conditions as are embodied in the Assumable Agreement (including Delphi's General Terms and Conditions) and such other more favorable trade terms, practices, and programs (including, without limitation, pricing terms) in effect between such supplier and the Debtors in the twelve months prior to the Petition Date (collectively, the "Customary Trade Terms"), or such other favorable trade terms as are agreed to by the Debtors and the Covered Supplier.
- d. The Covered Supplier is adequately assured of future performance for the term of the Extension and waives any right to seek further adequate assurance of future performance, whether pursuant to section 365(b)(1)(C) or otherwise.
- e. All costs payable under the terms of this Order related to cure of prepetition defaults under the assumed Assumable Agreements pursuant to section 365(b) of the Bankruptcy Code ("Cure") will be paid in cash in six equal installments at the end of each of the six calendar quarters (i.e., March 31, June 30, September 30 and December 31) ending on or after the

Assumption Date; provided, however, that Cure shall not constitute an administrative expense pursuant to section 503 of the Bankruptcy Code.

- f. Cure, with respect to each assumed Assumable Agreement, in an amount up to 75% of the amount of the outstanding prepetition liabilities of the Debtors under such Assumable Agreement as of the Assumption Date reflected in the Debtors' books and records or as otherwise reconciled by the parties; provided, however, that the Covered Supplier will receive an allowed general unsecured claim against the relevant Debtor for the remaining balance of the amount of the outstanding prepetition liabilities of the Debtors under such Assumable Agreement as of the Assumption Date reflected in the Debtors' books and records or as otherwise reconciled between the parties, which general unsecured claim shall be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases.
- g. In the event of any termination of any assumed Assumable Agreement, the Covered Supplier shall not receive any payments of Cure that are to be paid on or after the effective date of such termination (the "Remaining Cure"); provided, however, that, upon any termination of any assumed Assumable Agreement, the Covered Supplier shall receive an allowed general unsecured claim against the relevant Debtor for the amount of the Remaining Cure, which general unsecured claim shall be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases; provided further that, upon

any termination of any assumed Assumable Agreement, the amount of damages which the Covered Supplier may assert against the relevant Debtor on account of such termination shall not exceed the amount of damages arising upon a termination for convenience in accordance with the terms of Section 11 of Delphi's General Terms and Conditions.

- h. The Covered Supplier shall consent to each and every provision of paragraph 9, infra.

9. Should a Covered Supplier breach its obligations under an Assumption Agreement, such Covered Supplier shall be liable to the Debtors for any and all consequential damages resulting from such breach. Furthermore, upon written notice of such breach from the Debtors, the Covered Supplier shall not be entitled to further payments of Cure until further order of Court. In addition, in the event the Court determines the Covered Supplier is in breach of the Assumption Agreement or the terms set forth in this Order, the Covered Supplier shall be required to immediately disgorge all payments of Cure received and the Debtors' avoidance rights under chapter 5 of the Bankruptcy Code shall immediately be reinstated without further order of this Court. Finally, the assumption of a Covered Supplier's Assumable Agreement(s) pursuant to this Order shall constitute irrevocable consent of such Covered Supplier to the Debtors' ability to sue for injunctive relief in this Court to compel specific performance under the Assumable Agreement upon a breach under any Assumable Agreement or Assumption Agreement.

10. The Debtors are hereby authorized, but not directed to provide an Assumption Agreement substantially in the form of the letter attached hereto as Exhibit 1

to each Covered Supplier whose Assumable Agreement(s) are being assumed pursuant to the terms hereof along with a copy of the order granting this Motion; provided, however, that a Covered Supplier will be conclusively deemed to consent to and be irrevocably bound by the terms of this Order, notwithstanding its failure to enter into an Assumption Agreement, upon its first shipment of Goods to the Debtors following the Assumption Date for the relevant assumed Assumable Agreement and payment of the first installment of Cure.

11. The Debtors are hereby authorized to negotiate and enter into new postpetition agreements in the ordinary course of their businesses with their suppliers in their sole discretion and the Debtors' entry into such new postpetition agreements shall not be subject to Court approval.

12. The Debtors are hereby authorized, but not directed, to waive and release their rights, and the rights of their respective estates, under section 547 of the Bankruptcy Code to avoid payments made to a Covered Supplier in the 90 days prior to the Petition Date under later-expiring Assumable Agreements with such Covered Supplier, if, and only if, such Covered Supplier enters into Assumption Agreements with respect to each Assumable Agreement that the Debtors have elected at that time to assume pursuant to the terms of this Order. For the avoidance of doubt, nothing contained herein shall constitute a waiver or release of any of the Debtors' or their estates' rights under section 547 of the Bankruptcy Code with respect to any such amounts absent the Debtors' express written agreement to waive and release their rights and the rights of their estates under section 547 of the Bankruptcy Code, the Debtors' entry into which

shall only be authorized in accordance with the terms of the immediately-preceding sentence.

13. Nothing in the Motion or this Order shall be construed as a waiver by any of the Debtors of their rights to contest any invoice of a Covered Supplier under applicable non-bankruptcy law.

14. The entry of this Order is final; provided, however, that within ten days of the date of entry hereof, any Covered Supplier may object to the prospective application of this Order from and after the date of such objection; provided further that if any such objection is timely made by a Covered Supplier, such objection shall be heard at the next regularly-scheduled omnibus hearing in these cases and, pending such hearing, this Order shall remain in full force and effect.

15. This Court shall retain jurisdiction to hear and determine all matters arising from the implementation of this Order.

16. The requirement under Rule 9013-1(b) of the Local Bankruptcy Rules for the United States Bankruptcy Court for the Southern District of New York for the service and filing of a separate memorandum of law is deemed satisfied by the Motion.

UNITED STATES BANKRUPTCY JUDGE

November \_\_, 2005

TO: [Covered Supplier]  
[Name]  
[Address]

Dear Valued Supplier:

As you are no doubt aware, on October 8, 2005 (the "Petition Date"), Delphi Corporation ("Delphi"), together with certain of its U.S. affiliates (collectively, the "Debtors"), filed voluntary petitions under chapter 11 of the United States Bankruptcy Code (11 U.S.C. §§ 101-1330, as amended) in the United States Bankruptcy Court for the Southern District of New York (the "Bankruptcy Cases" and the "Bankruptcy Court," respectively). On November 18, 2005, we requested the Bankruptcy Court's authority to assume certain of our agreements with suppliers in recognition of the importance of continuity in our business operations and our desire that the Bankruptcy Cases have as little effect on our operations as possible. On November \_\_, 2005, the Bankruptcy Court entered an order (the "Order") authorizing us, under certain conditions, to assume certain agreements with suppliers that agree to the terms set forth below and to be bound by the terms of the Order. A copy of the Order is enclosed.

To have the agreements between you and the Debtors that are listed on Schedule A hereto (each an "Agreement" and, if more than one, collectively, the "Agreements") assumed pursuant to section 365 of the Bankruptcy Code and to receive payment on pre-bankruptcy claims, you must agree to each of the following terms and conditions:

(a) You will extend the term of the Agreement or Agreements, as appropriate, and continue supplying the Debtors with the goods provided under the Agreement or Agreements, as appropriate, for a period of two (2) years from the date of expiration of each Agreement, unless the Debtors earlier reject or otherwise terminate the Agreement (the "Extension").

(b) You acknowledge and agree that each Agreement, and all of the terms thereof including the Delphi's General Terms and Conditions (a copy of which is enclosed herewith), including, without limitation, the termination for convenience provisions contained in Section 11 thereof, are enforceable by the Debtors against you.

(c) You will supply goods to the Debtors on MNS-2 payment terms and those other terms and conditions as are embodied in the Agreement (including Delphi's General Terms and Conditions) or such other trade terms, practices, and programs (including, without limitation, pricing terms) in effect between you and the Debtors in the twelve months prior to October 8, 2005 (collectively, the "Customary Trade Terms"), or such other favorable trade terms as are agreed to by the Debtors and the Covered Supplier.

(d) You are adequately assured of future performance for the term of the Extension and waive any right to seek further adequate assurance of future performance, whether pursuant to section 365(b)(1)(C) of the Bankruptcy Code or otherwise.

(e) You agree that the Debtors will pay you \_\_\_% of the outstanding prepetition liabilities of the Debtors under such Agreement(s) as of the effective date of assumption reflected in the Debtors' books and records (net of any setoffs, credits or discounts) or as otherwise reconciled between the Debtors and you (the "Trade Claim"). The Debtors will pay the amount of the Trade Claim to you in six equal payments on the last day of each of the next six calendar quarters (i.e., December 31, 2005; March 31, 2006; June 30, 2006; September 30, 2006; December 31, 2006; and March 31, 2007). Payment of such amount at the times provided in the preceding sentence will constitute cure of all defaults under the Agreement or Agreements, as appropriate, and compensation of all actual pecuniary losses to you resulting from any such defaults, and you waive any further rights that you may have under section 365(b) of the Bankruptcy Code; provided, however, that the Trade Claim shall not constitute an administrative expense pursuant to section 503 of the Bankruptcy Code and you waive any right to assert a claim under section 503 on account of the Trade Claim.

(f) In the event of any termination of the Agreement(s), you will not receive any payments of Cure that are to be paid on or after the effective date of such termination (the "Remaining Cure"); provided, however, that, upon any termination of any Agreement, you will receive an allowed general unsecured claim against the relevant Debtor for the amount of the Remaining Cure, which general unsecured claim shall be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases;

(g) Upon any termination of any Agreement, you agree that the amount of damages which you may assert against the relevant Debtor on account of such termination shall not exceed the amount of damages arising upon a termination for convenience in accordance with the terms of Section 11 of Delphi's General Terms and Conditions.

(h) You will receive an allowed general unsecured claim against the appropriate Debtor for the remaining balance of the amount of the outstanding prepetition liabilities of the Debtors under the Agreement(s) as of the effective date of assumption reflected in the Debtors' books and records or as otherwise reconciled between the Debtors and you, which general unsecured claim shall be addressed pursuant to the terms of the plan of reorganization which is confirmed and consummated in the Debtors' chapter 11 cases.

(i) In consideration for the payment described herein, you agree not to file or otherwise assert against any or all of the Debtors, their estates, or any other person or entity or any of their respective assets or property (real or personal) any lien (regardless of the statute or other legal authority upon which such lien is asserted) related in any way to any remaining prepetition amounts allegedly owed to you by the Debtors arising from agreements entered into prior to the Petition Date, including, without limitation, the Agreement(s). Furthermore, if you have taken steps to file or assert such a lien prior to entering into this letter agreement, you agree to take all necessary steps to remove such lien as soon as possible.

(j) You represent and warrant to the Debtors that you have not sold, conveyed or otherwise transferred your Trade Claim to any other party.

Assumption of the Agreement(s) and payment of your Trade Claim in the manner set forth in the Order may occur only upon execution of this letter by a duly authorized representative of your company and the return of this letter to the Debtors. Your execution of this letter agreement and return of the same to the Debtors constitutes an agreement by you and the Debtors:

(a) to the Customary Trade Terms and to the amount of the Trade Claim reflected in the Debtors' books and records or as otherwise reconciled between the Debtors and you;

(b) that, for the term of the Extension, you will continue to supply the Debtors with goods pursuant to the Customary Trade Terms, and that the Debtors will pay for such goods in accordance with Customary Trade Terms;

(c) that you have reviewed the terms and provisions of the Order and that you consent to be bound by such terms;

(d) that you will not separately seek payment for reclamation and similar claims outside the terms of the Order;

(e) that if you breach your obligations under this letter agreement, you shall be liable to the Debtors for any and all consequential damages resulting from such breach;

(f) that, upon written notice of a breach described in paragraph (e) above from the Debtors, you will not be entitled to further installment payments of Cure until further order of the Bankruptcy Court;

(g) that, in the event that the Bankruptcy Court determines that you are in breach of this letter agreement, you will immediately disgorge all payments received on account of your Trade Claim and the Debtors' avoidance rights under chapter 5 of the Bankruptcy Code shall immediately be reinstated without further order of the Bankruptcy Court; and

(h) that you irrevocably consent to the Debtors' ability to sue you for injunctive relief in this Court upon a breach under any Agreement or this letter agreement.

The Debtors and you also hereby agree that any dispute with respect to this agreement, the Order, and/or any breach under any Agreement shall be determined by the Bankruptcy Court.

You hereby agree that you will keep the terms of this letter agreement together with all related settlement discussions strictly confidential. You may disclose the terms of this letter agreement only to your management personnel that need to know such information to

implement the terms of this letter agreement and legal counsel and other advisors with whom you have a recognized legal privilege; provided that all such parties have been informed of the confidentiality restrictions contained herein. You further agree that you will be responsible and liable for any breach of the confidentiality provisions set forth in this letter agreement by your management personnel, legal counsel and other advisors. You acknowledge that failure to honor the confidentiality provisions contained herein would cause significant economic harm to the Debtors. Any discussions by you with any third parties, including the press or media or consultants, regarding this letter agreement and its terms are expressly prohibited.

The Debtors expressly reserve all of their rights at law and in equity, including, without limitation, all of their rights as debtors-in-possession under the United States Bankruptcy Code. Without limiting the generality of the foregoing sentence, this agreement, and any payment made hereunder, does not constitute a waiver of the Debtors' rights (i) to dispute any claim, or (ii) to take, or refrain from taking, any other action under any applicable section of the United States Bankruptcy Code or any other applicable law.

If you have any questions about this Agreement or our financial restructuring, please do not hesitate to call (866) 688-8679.

Sincerely,

[DELPHI CORPORATION]

**DELPHI CORPORATION**

**GENERAL TERMS AND CONDITIONS**

**1. ACCEPTANCE**

Seller acknowledges and agrees that these General Terms and Conditions are incorporated in, and a part of, this contract and each purchase order, release, requisition, work order, shipping instruction, specification and other document, whether expressed in written form, by electronic data interchange or other tangible format, relating to the goods and/or services to be provided by Seller pursuant to this contract (such documents are collectively referred to as this "Contract"). Seller acknowledges and agrees that it has read and understands these General Terms and Conditions. If Seller accepts this Contract in writing or commences any of the work or services which are the subject of this Contract, Seller will be deemed to have accepted this Contract and these General Terms and Conditions in their entirety without modification. Any additions to, changes in, modifications of, or revisions of this Contract (including these General Terms and Conditions) which Seller proposes will be deemed to be rejected by Buyer except to the extent that an authorized employee of Buyer expressly agrees to accept any such proposals in writing.

**2. SHIPPING AND BILLING**

2.1 Shipping. Seller will (a) properly pack, mark and, ship goods as instructed by Buyer or any carriers and in accordance with any applicable laws or regulations, (b) route shipments as Buyer instructs, (c) not charge for costs relating to handling, packaging, storage or transportation (including duties, taxes, fees, etc.) unless otherwise expressly stated in this Contract, (d) provide packing slips with each shipment that identify Buyer's contract and release number and the date of the shipment, and (e) promptly forward the original bill of lading or other shipping receipt with respect to each shipment as Buyer instructs. Seller will include on bills of lading or other shipping receipts the correct classification identification of the goods shipped as Buyer or the carrier requires. The marks on each package and identification of the goods on packing slips, bills of lading and invoices must enable Buyer to easily identify the goods.

2.2 Billing. Seller will (a) accept payment based upon Buyer's Evaluated Receipt Record/Self-Billed Invoice unless Buyer requests that Seller issue and deliver an invoice and (b) accept payment by electronic funds transfer. If the payment due date is not otherwise specified in this Contract, the payment due date will be the due date established by the Multilateral Netting System (MNS-2) used by Buyer, which provides, on average, that payment will be due on the second day of the second month following the date Buyer receives the goods or services. Buyer may withhold payment for any goods or services until Buyer receives evidence, in such form and detail as Buyer requires, of the absence of any liens, encumbrances and claims on such goods or services.

2.3 Taxes. Unless otherwise stated in this Contract, the price includes all applicable federal, state, provincial, and local taxes other than sales, value added, or similar turnover taxes or charges. Seller will separately invoice Buyer for any sales, value added, or similar turnover taxes or charges that Seller is required by law to collect from Buyer. Seller will provide Buyer with whatever information and documentation that is required under local law in order to enable Buyer to recover any sales, value added, or similar turnover taxes or charges. Invoices shall also be in the appropriate form as required by local law to permit deduction of payments for income tax purposes by the Buyer.

2.4 Withholding of Taxes by Buyer. If Buyer is required by law to make any deduction or withholding from any sum otherwise payable to Seller under this Contract, Buyer shall be entitled to deduct or withhold such amount and effect payment thereof to the applicable tax authority. Buyer will, upon request from Seller, provide Seller official tax receipts or other evidence issued by the applicable tax authorities sufficient to establish that any taxes which are withheld have been paid.

Effective March 2004

2.5 Delivery Schedules. Deliveries will be made in the quantities, on the dates, and at the times specified by Buyer in this Contract or any subsequent releases or instructions Buyer issues under this Contract. Time is of the essence with respect to all delivery schedules Buyer establishes. Buyer will not be required to pay for any goods that exceed the quantities specified in Buyer's delivery schedules or to accept goods that are delivered in advance of the delivery date specified in Buyer's delivery schedules. Seller bears the risk of loss of all goods delivered in advance of the delivery date specified in Buyer's delivery schedules. If the requirements of Buyer's customers or market, economic or other conditions require changes in delivery schedules, Buyer may change the rate of scheduled shipments or direct temporary suspension of scheduled shipments without entitling Seller to a price adjustment or other compensation.

2.6 Premium Shipments. If Seller fails to have goods ready for shipment in time to meet Buyer's delivery schedules using the method of transportation originally specified by Buyer and, as a result, Buyer requires Seller to ship the goods using a premium (more expeditious) method of transportation, Seller will ship the goods as expeditiously as possible. Seller will pay, and be responsible for, the entire cost of such premium shipment, unless Buyer's actions caused Seller to fail to meet Buyer's delivery schedules, in which case Buyer will pay any costs for premium shipment.

2.7 Volume Forecasts. Buyer may provide Seller with estimates, forecasts or projections of its future anticipated volume or quantity requirements for goods. Seller acknowledges that any such forecasts are provided for informational purposes only and, like any other forward looking projections, are based on a number of economic and business factors, variables and assumptions, some or all of which may change over time. Buyer makes no representation, warranty, guaranty or commitment of any kind or nature, express or implied, regarding any such forecasts provided to Seller, including with respect to the accuracy or completeness of such forecasts.

### **3. SPECIFICATION, DESIGN AND SCOPE CHANGES**

Buyer may at any time require Seller to implement changes to the specifications or design of the goods or to the scope of any services or work covered by this Contract, including work related to inspection, testing or quality control. While Buyer will endeavor to discuss any such changes with Seller as early as practical, Seller will promptly implement such changes. Buyer will equitably determine any adjustment in price or delivery schedules resulting from such changes, including Buyer's payment of reasonable costs of modifications to Seller's Equipment (as defined in Article 16) necessary to implement such changes. In order to assist in the determination of any equitable adjustment in price or delivery schedules, Seller will, as requested, provide information to Buyer, including documentation of changes in Seller's cost of production and the time to implement such changes. In the event of any disagreement arising out of such changes, Buyer and Seller will work to resolve the disagreement in good faith, provided, however, that Seller will continue performing under this Contract, including the manufacture and delivery of goods and prompt implementation of changes required by Buyer, while Buyer and Seller resolve any disagreement arising out of such changes.

### **4. QUALITY AND INSPECTION**

Seller will participate in Buyer's supplier quality and development program(s) and comply with all engineering release and validation requirements and procedures, including Buyer's production part approval processes, which Buyer specifies from time to time. Seller will permit Buyer and its representatives and consultants to enter Seller's facilities at reasonable times to inspect such facilities and any goods, inventories, work-in-process, materials, machinery, equipment, tooling, fixtures, gauges and other items and processes related to Seller's performance of this Contract. No such inspection by Buyer will constitute acceptance by Buyer of any work-in-process or finished goods.

### **5. NON-CONFORMING GOODS**

Effective March 2004

Buyer is not required to perform incoming inspections of any goods, and Seller waives any right to require Buyer to conduct any such inspections. Seller will not substitute any goods for the goods covered by this Contract unless Buyer consents in writing. If Buyer rejects any goods as non-conforming, Buyer may, at its option, (a) reduce the quantities of goods ordered under this Contract by the quantity of non-conforming goods, (b) require Seller to replace the non-conforming goods, and/or (c) exercise any other applicable rights or remedies. If Seller fails to inform Buyer in writing of the manner in which Seller desires that Buyer dispose of non-conforming goods within forty-eight (48) hours of notice of Buyer's rejection of non-conforming goods (or such shorter period as is reasonable under the circumstances), Buyer will be entitled to dispose of the non-conforming goods without liability to Seller, provided, however, that in any event Buyer may elect to arrange for the shipment of any non-conforming goods back to Seller at Seller's expense. Seller will bear all risk of loss with respect to all non-conforming goods and will promptly pay or reimburse all costs incurred by Buyer to return, store or dispose any non-conforming goods. Buyer's payment for any non-conforming goods will not constitute acceptance by Buyer, limit or impair Buyer's right to exercise any rights or remedies, or relieve Seller of responsibility for the non-conforming goods.

## **6. FORCE MAJEURE**

If Seller is unable to produce, sell or deliver any goods or services covered by this Contract, or Buyer is unable to accept delivery, buy or use any goods or services covered by this Contract, as a result of an event or occurrence beyond the reasonable control of the affected party and without such party's fault or negligence, then any delay or failure to perform under this Contract that results from such event or occurrence will be excused for only so long as such event or occurrence continues, provided, however, that the affected party gives written notice of each such delay (including the anticipated duration of the delay) to the other party as soon as possible after the event or occurrence (but in no event more than three (3) days thereafter). Such events and occurrences may include, by way of example and not limitation, natural disasters, fires, floods, windstorms, severe weather, explosions, riots, wars, sabotage, labor problems (including lockouts, strikes and slowdowns), equipment breakdowns and power failures. During any delay or failure to perform by Seller, Buyer may (i) purchase substitute goods from other available sources, in which case the quantities under this Contract will be reduced by the quantities of such substitute goods and Seller will reimburse Buyer for any additional costs to Buyer of obtaining the substitute goods compared to the prices set forth in this Contract and/or (ii) have Seller provide substitute goods from other available sources in quantities and at times Buyer requests and at the prices set forth in this Contract. If Seller fails to provide adequate assurances that any delay will not exceed thirty (30) days or if any delay lasts more than thirty (30) days, Buyer may terminate this Contract without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11. Before any of Seller's labor contracts expire and as soon as Seller anticipates or learns of any impending strike, labor dispute, work stoppage or other disruption at Seller's facilities that might affect the delivery of goods to Buyer, Seller will produce (and locate in an area that will not be affected by any such disruption) a finished inventory of goods in quantities sufficient to ensure the supply of goods to Buyer for at least thirty (30) days after such disruption commences.

## **7. WARRANTY**

**7.1 General.** Seller warrants and guarantees to Buyer, its successors, assigns and customers that the goods and services covered by this Contract will (a) conform to the then current release/revision level (based on date Buyer's release is issued to Seller) of Buyer's applicable specifications and drawings, (b) conform to all samples, descriptions, brochures and manuals furnished by Seller or Buyer, (c) be merchantable, (d) be of good material and workmanship, (e) be free from defect, and (f) be fit and sufficient for the particular purposes intended by Buyer and any customer of Buyer. If requested by Buyer, Seller will enter into a separate agreement for the administration or processing of warranty chargebacks for nonconforming goods.

**7.2 Warranty Period.** In the case of goods supplied for use as, or incorporation into, parts, components or systems for automotive vehicles or other finished products, the period for each of the foregoing warranties will commence upon delivery of the goods to Buyer and, except as provided in Section 7.4 or as otherwise

Effective March 2004

expressly agreed in writing by an authorized employee of Buyer, end forty-eight (48) months following the date the vehicle or other finished product on which such parts, components or systems are installed is first sold and delivered or otherwise utilized for consumer or commercial purposes, provided, however, that if Buyer offers and provides a longer warranty to its customers with respect to any such parts, components or systems, then such longer warranty period will apply to the goods. In the case of goods supplied for other uses, the period for each of the foregoing warranties will be that provided by applicable law unless otherwise expressly agreed in writing by an authorized employee of Buyer.

**7.3 Remedies and Damages.** If any goods are reasonably determined (including by use of statistical analysis or other sampling methodology) to fail to conform to the warranties set forth in this Contract, Seller shall reimburse Buyer for all reasonable losses, costs and damages caused by such nonconforming goods. Such costs and damages may include, without limitation, costs, expenses and losses of Buyer and/or its customers arising from (i) inspection, sorting, repair or replacement of any nonconforming goods or any system or component that incorporates such nonconforming goods, (ii) production interruptions or slowdowns, (iii) offlining of vehicles or component systems, and (iv) field service campaigns and other corrective service actions, including, without limitation, the amounts paid to distributors and/or dealers for materials and replacement parts (including reasonable markup to recover administrative costs or other capital expenses) and the labor costs to perform such work.

**7.4 Recalls.** Notwithstanding the expiration of the warranty period set forth in Section 7.2, if Buyer and/or the manufacturer of the vehicles (or other finished product) on which the goods, or any parts, components or systems incorporating the goods, are installed, voluntarily or pursuant to a government mandate, makes an offer to owners of such vehicles to provide remedial action to address a defect that relates to motor vehicle safety or the failure of the vehicle to comply with any applicable law, safety standard or guideline (a so-called "recall"), Seller will nonetheless be liable for costs and damages associated with the conduct of such recall to the extent that such recall is based upon a reasonable determination (including by use of statistical analysis or other sampling methodology) that the goods fail to conform to the warranties set forth in this Contract.

## **8. INGREDIENTS AND HAZARDOUS MATERIALS**

If Buyer requests, Seller will promptly furnish to Buyer, in such form and detail as Buyer directs: (a) a list of all ingredients in the goods, (b) the amount of all ingredients, and (c) information concerning any changes in or additions to the ingredients. Prior to, and together with, the shipment of the goods, Seller will furnish to Buyer and all carriers sufficient written warning and notice (including appropriate labels on the goods, containers and packing) of any hazardous material that is an ingredient or a part of any of the goods, together with all special handling instructions, safety measures and precautions as may be necessary to comply with applicable law, to inform Buyer and all carriers of any applicable legal requirements and to best allow Buyer and all carriers to prevent bodily injury or property damage in the handling, transportation, processing, use or disposal of the goods, containers and packing.

## **9. INSOLVENCY OF SELLER**

In any of the following or any similar events Buyer may immediately terminate this Contract without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11: (a) insolvency or financial difficulties of Seller, (b) filing of a voluntary petition in bankruptcy by Seller, (c) filing of any involuntary petition in bankruptcy against Seller, (d) appointment of a receiver or trustee for Seller, (e) execution of an assignment for the benefit of creditors by Seller, or (f) any accommodation by Buyer, financial or otherwise, not contemplated by this Contract, that are necessary for Seller to meet its obligations under this Contract. Seller will reimburse Buyer for all costs Buyer incurs in connection with any of the foregoing whether or not this Contract is terminated, including, but not limited to, all attorney or other professional fees.

## 10. TERMINATION FOR BREACH

Buyer may terminate all or any part of this Contract without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11 if Seller (a) repudiates, breaches, or threatens to breach any of the terms of this Contract, including Seller's warranties, (b) fails to perform or threatens not to perform services or deliver goods in accordance with this Contract or (c) fails to assure timely and proper completion of services or delivery of goods.

## 11. TERMINATION FOR CONVENIENCE

In addition to any other rights of Buyer to terminate this Contract, Buyer may immediately terminate all or any part of this Contract, at any time and for any reason, by notifying Seller in writing. Upon such termination, Buyer may, at its option, purchase from Seller any or all raw materials, work-in-process and finished goods inventory related to the goods under this Contract which are useable and in a merchantable condition. The purchase price for such finished goods, raw materials and work-in-process, and Seller's sole and exclusive recovery from Buyer (without regard to the legal theory which is the basis for any claim by Seller) on account of such termination, will be (a) the contract price for all goods or services that have been completed in accordance with this Contract as of termination date and delivered and accepted by Buyer and not previously paid for, plus (b) the actual costs of work-in-process and raw materials incurred by Seller in furnishing the goods or services under this Contract to the extent such costs are reasonable in amount and are properly allocable or apportionable under generally accepted accounting principles to the terminated portion of this Contract less (c) the reasonable value or cost (whichever is higher) of any goods or materials used or sold by Seller with Buyer's written consent. In no event will Buyer be required to pay for finished goods, work-in-process or raw materials which Seller fabricates or procures in amounts that exceed those Buyer authorizes in delivery releases nor will Buyer be required to pay for any goods or materials that are in Seller's standard stock or that are readily marketable. Payments made under this Article will not exceed the aggregate price for finished goods that would be produced by Seller under delivery or release schedules outstanding at the date of termination. Within sixty (60) days after the effective date of termination, Seller will submit a comprehensive termination claim to Buyer, with sufficient supporting data to permit an audit by Buyer, and will thereafter promptly furnish any supplemental and supporting information Buyer requests.

## 12. TECHNICAL INFORMATION

12.1 Information Disclosed by Seller. Seller will create, maintain, update, and provide to Buyer, in compliance with Buyer's drafting and math data standards, all technical information about the goods and their manufacture which is reasonably necessary or requested by Buyer in connection with its use of the goods, including, without limitation, the engineering validation and qualification of the goods for automotive production and other applications and compliance with any legal or regulatory requirements. Such technical information will not be subject to any use or disclosure restrictions, except as provided in Section 12.2 below.

12.2 Waiver of Claims. Seller agrees not to assert any claim (other than a claim for patent infringement) against Buyer, Buyer's customers or their respective suppliers with respect to any technical information that Seller shall have disclosed, or may hereafter disclose, in connection with the goods or services covered by this Contract.

12.3 Repair and Rebuild. Seller authorizes Buyer, its affiliates, agents and subcontractors, and Buyer's customers and their subcontractors to repair, reconstruct or rebuild the goods and products delivered under this Contract without payment of any royalty or other compensation to Seller.

12.4 Software and Written Works. Seller grants to Buyer a permanent, paid-up license to use, repair, modify and sell any operating software incorporated in the goods in conjunction with the use or sale of the goods. In addition, all works of authorship, including without limitation, software, computer programs and databases (including object code, micro code, source code and data structures), and all enhancements, modifications and updates thereof and all other written work products or materials, which are created in the course of performing

Effective March 2004

this Contract, separately or as part of any goods and components, are "works made for hire" and the sole property of Buyer. To the extent that such works of authorship do not qualify under applicable law as works made for hire, Seller hereby assigns to Buyer all right, title and interest in any intellectual property rights in such works of authorship. If such assignment is not possible under any applicable law, Seller hereby grants an exclusive, royalty-free license to Buyer with respect to such works of authorship.

**12.5 Development, Engineering And Consulting Services.** Engineering, consulting or development services ("Development Services") funded under this Contract that result in any idea, invention, concept, discovery, work of authorship, patent, copyright, trademark, trade secret, know-how or other intellectual property ("IP") shall be the sole property of Buyer. Seller agrees to assign all right, title and interest in and to IP that results from Development Services ("Developed IP") to Buyer. Seller shall notify Buyer of the existence of Developed IP and assist Buyer in every reasonable way to perfect its right, title and interest in Developed IP, such as by executing and delivering all additional documents reasonably requested by Buyer in order to perfect, register, and/or enforce the same, and Buyer shall reimburse Seller for reasonable costs incurred by Seller in providing such assistance.

### **13. INDEMNIFICATION**

**13.1 Infringement.** Seller will defend, hold harmless and indemnify Buyer and its customers, and their respective successors and assigns, against any claims of infringement (including patent, trademark, copyright, moral, industrial design or other proprietary rights, or misuse or misappropriation of trade secret) and resulting damages and expenses (including, without limitation, attorney and other professional fees and disbursements) relating to the goods or services covered by this Contract, including any claims in circumstances where Seller has provided only part of the goods or services. Seller waives any claim against Buyer that any such infringement arose out of compliance with Buyer's specifications.

**13.2 Activities on Buyer's Premises.** Seller will defend, hold harmless, and indemnify Buyer from and against any liability, claims, demands, damages, costs or expenses (including, without limitation, reasonable attorney and other professional fees and disbursements) arising from or in connection with the performance of any service or work by Seller or its employees, agents, representatives and subcontractors on Buyer's or Buyer's customer's premises or the use of the property of Buyer or any customer of Buyer, except to the extent such liability arises out of the negligence or willful misconduct of Buyer or Buyer's customer.

**13.3 Product Liability.** Seller will defend, hold harmless, and indemnify Buyer from and against any liability and expenses (including, without limitation, attorney and other professional fees and disbursements) arising from or in connection with any third party claims or demands to recover for personal injury or death, property damage or economic loss caused by any of the goods or services supplied by Seller (regardless of whether such claim or demand arises under tort, negligence, contract, warranty, strict liability or any other legal theories), except to the extent such injury, damage or loss results from Buyer's specifications as to design or materials or from alteration or improper repair, maintenance or installation by any party other than Seller.

### **14. COMPLIANCE WITH LAWS**

Seller, and any goods or services supplied by Seller, will comply with all applicable laws, rules, regulations, orders, conventions, ordinances and standards of the country(ies) of origin and destination or that relate to the manufacture, labeling, transportation, importation, exportation, licensing, approval, performance and/or certification of the goods or services, including, but not limited to, those relating to environmental matters, wages, hours and conditions of employment, subcontractor selection, discrimination, occupational health/safety and motor vehicle safety. Neither Seller nor any of its subcontractors will utilize slave, prisoner or any other form of forced or involuntary labor in the supply of goods or services under this Contract. Upon Buyer's request, Seller will certify in writing its compliance with the foregoing. With respect to any such insurance coverage, Seller will furnish to Buyer either a certificate evidencing satisfaction of the above-mentioned insurance requirements under this Contract or certified copies of all insurance policies within ten (10) days after Buyer requests. The certificate must provide that Buyer will receive thirty (30) days prior written notice from the insurer of any termination or reduction in the amount or scope of coverage. The furnishing of certificates of insurance and purchase of insurance will not limit or release Seller from Seller's obligations or liabilities under this Contract.

## 16. SELLER'S EQUIPMENT

Seller will insure Seller's Equipment with fire and extended coverage insurance for its full replacement value. Seller grants Buyer an irrevocable option to take possession of, and title to, all or part of Seller's Equipment that is specially designed or outfitted for the production of the goods covered by this Contract, in which event Buyer will, within 45 days following delivery of such Seller's Equipment to Buyer, pay to Seller of the lower of (i) the net book value of such Seller's Equipment (i.e., actual cost less amortization) or (ii) then current fair market value of such Seller's Equipment, in each case less any amounts that Buyer has previously paid to Seller on account of such Seller's Equipment. The foregoing option will not apply to the extent that Seller's Equipment is used to produce goods that are the standard stock of Seller and are then being sold by Seller to other customers. Buyer's right to exercise the foregoing option is not conditioned on Seller's breach or Buyer's termination of this Contract or upon payment of any other amounts due under this Contract.

## 17. BUYER'S PROPERTY AND INFORMATION

17.1 Acquisition of Tooling and Materials. To the extent that this Contract covers Buyer's purchase of, or reimbursement to Seller for, any tooling, jigs, dies, gauges, fixtures, molds, patterns, equipment, supplies, materials and other items (collectively, "Tooling and Materials") to be used in connection with Seller's actual or anticipated supply of goods to Buyer, Seller will acquire such Tooling and Materials as agent of Buyer and Buyer shall pay to or reimburse Seller the lower of (i) the amount specified in this Contract for such Tooling and Materials or (ii) Seller's actual out-of-pocket cost to acquire the Tooling or Materials from an unrelated third party or, if the Tooling and Materials are constructed or fabricated by Seller or any affiliate of Seller, the actual direct costs for materials, labor and overhead associated with such construction and fabrication. Buyer or its agents shall have the right to audit and examine all books, records, facilities, work, material, inventories and other items relating to any such Tooling and Materials. **17.4 Return of Buyer's Property.** Seller agrees that Buyer has the right, at any time and from time to time, with or without reason and without payment of any kind, to retake possession of or request the return of Buyer's Property. Without further notice or court hearings, which rights, if any, are hereby waived, Buyer or its designee(s) will have the right to enter Seller's premises and take possession of any and all of Buyer's Property. Upon Buyer's request and in accordance with Buyer's instructions, Buyer's Property will be immediately released to Buyer or delivered to Buyer by Seller, either (i) Ex Works (Incoterms 2000) at Seller's plant properly packed and marked in accordance with the requirements of the carrier selected by Buyer to transport such Buyer's Property or (ii) to any location Buyer designates, in which event Buyer will pay Seller the reasonable costs of delivering Buyer's Property to the location Buyer designates. If Seller does not release and deliver any Buyer's Property in accordance with this Article, Buyer may obtain an immediate writ of possession without notice and without the posting of any bond and/or enter Seller's premises, with or without legal process, and take immediate possession of Buyer's Property.

Buyer will not be liable to Seller for any loss, damage, injury or expense of any kind or nature caused, directly or indirectly, by Buyer's Property, including, without limitation, the use or maintenance thereof, or the repair, service or adjustment thereof, or by any interruption of service or for any loss of business whatsoever or howsoever caused, including, without limitation, any loss of anticipatory damages, profits or any other indirect, special or consequential damages and/or personal injury or death.

**17.6 Use of Buyer's Information.** Seller will (i) keep all Buyer's Information (as defined below) confidential and disclose it only to its employees who need to know such Buyer's Information in order for Seller to supply goods and services to Buyer under this Contract and (ii) use the Buyer's Information solely for the purpose of supplying goods and services to Buyer. Goods manufactured based on Buyer's Information may not be used for Seller's own use or sold by Seller to third parties without prior express written consent from an authorized employee of Buyer. If the goods are systems or modules, Seller will sell the components or parts that comprise the system or module at price(s) that will not, in the aggregate, exceed the price of the system or module less assembly costs. If this Contract is in effect at the end of the vehicle production program into which the goods covered by the Contract are incorporated, Seller will also sell goods to Buyer to fulfill Buyer's and its customers' service and replacement parts requirements during the fifteen (15) year period following the end of such vehicle production program (the "Post-Production Period"), and this Contract will automatically remain in effect during the entire Post-Production Period. During the initial five (5) years of the Post-Production Period, the price(s) for such goods will be the production price(s) which were in effect at the commencement of the Post-Production Period. For the remainder of the Post-Production Period, the price(s) for such service goods will be as reasonably agreed to by the parties. If requested by Buyer, Seller will also make service literature and other materials available at no additional charge to support Buyer's service activities.

## **19. REMEDIES AND INJUNCTIVE RELIEF**

The rights and remedies reserved to Buyer in this Contract are cumulative with, and in addition to, all other or further remedies provided in law or equity. To the extent that this Contract is for the supply of goods for use as, or fabrication into, parts, components or systems, Seller acknowledges and agrees that money damages would not be a sufficient remedy for any actual, anticipatory or threatened breach of this Contract by Seller with respect to its delivery of goods to Buyer and that, in addition to all other rights and remedies which Buyer may have, Buyer shall be entitled to specific performance and injunctive or other equitable relief as a remedy for any such breach.

## **20. CUSTOMS AND EXPORT CONTROLS**

## **23. NO IMPLIED WAIVER**

The failure of either party at any time to require performance by the other party of any provision of this Contract will not affect the right to require such performance at any later time, nor will the waiver by either party of a breach of any provision of this Contract constitute a waiver of any succeeding breach of the same or any other provision. No failure or delay in exercising any right or remedy will operate as a waiver thereof nor will any single or partial exercise thereof preclude other or further exercise thereof. No course of dealing or course of performance may be used to evidence a waiver or limitation of Seller's obligations under this Contract.

## **24. ASSIGNMENT AND CHANGE IN CONTROL**

Buyer may assign its rights and obligations under this Contract without Seller's prior written consent. Seller may not assign or delegate its rights or obligations under this Contract without prior written consent from an authorized employee of Buyer. In addition, Buyer may terminate this Contract upon giving at least 60 days notice to Seller, without any liability to Seller or obligation to purchase raw materials, work-in-process or finished goods under Section 11, if Seller (i) sells, or offers to sell, a material portion of its assets or (ii) sells or exchanges, or offers to sell or exchange, or causes to be sold or exchanged, a sufficient amount of its stock or other equity interests that effects a change in the control of Seller or (iii) executes, or otherwise becomes subject to, a voting or other agreement or trust that effects a change in the control of Seller.
